

Industrial Technology/Operations Management SLOAC Review Comments

Thanks for filing an assessment plan and report with the SLOAC. We have the following comments for you to consider:

Plan Comments

1. The correct version of your outcomes are included on the narrative overview and not the Plan Cover Sheet, right?
2. Please provide a copy of the Post-Graduation Survey form.
3. Have your internship supervisors and employers commented on your evaluation sheets? Have they been involved in testing them? What kind of reliability do you think you have with the ratings: Excellent, Good, and Unsatisfactory? We would encourage you to make these more precise.

Report Comments

1. It was not clear if the numerical scores on your report are correlated to the Excellent, Good, and Unsatisfactory ratings. Is Excellent a 3, Good a 2, and Unsatisfactory a 1?
2. What kind of follow-up will you have to be sure that the Dragon Core is addressing problems in multiculturalism, ethics, and globalization? We think it may be more effective to build into your curriculum coverage of these topics as they relate to your discipline.

Please provide a copy of your Post-Graduation Survey Form. Be sure to gather data this semester for your report due October 31, 2007.

If you have questions at any time, please contact Tim Borchers at borchers@mnstate.edu.

Thanks!
