

## **Athletic Training Plan SLOAC Review Comments**

Thanks for filing an assessment plan with the SLOAC. We have the following comments for you to consider:

1. By expecting students to achieve an average of 3 on the outcomes, it is possible they perform the outcome only 30% of the time. Can you explain in your documentation a bit more how this works? Is this possible? We don't understand your rubrics or how they are used.
2. You could also explain exactly what the students do in each of these practica. What is demonstrated in terms of student performance?
3. We are happy to work with you on developing assessments for your additional measures.

Your first report will be due October 31, 2007. But there may be new guidelines for accredited programs.

We're not sure if you have gathered data yet. If you have, you could file an assessment report—even based on one outcome—and become eligible for an instructional improvement grant. Grant applications are due Jan. 31, 2007. The form is available at [www.mnstate.edu/assess](http://www.mnstate.edu/assess).

If you have questions at any time, please contact Tim Borchers at [borchers@mnstate.edu](mailto:borchers@mnstate.edu).

Thanks!
