**SLOAC Review Comments**

Thanks for filing an assessment plan with the SLOAC. We have the following comments for you to consider:

1. We encourage you to also assess SLO 3 this year, since it only involves calculating GPA for your students.
2. Please provide copies of your rubrics for SLO 1 and SLO 2 when you have them. We would like to be able to provide feedback on them. As you work on the rubrics you use, please keep in mind observations about interrater reliability, as contained in the current Guide to Assessment.
3. On SLO 4, your expectations are not clear. Do you expect all your students to achieve 70% on the first try?
4. Please specify who will gather the data. It wasn't clear which faculty member would gather the data and which would be reported to...
5. As you create rubrics for your outcomes, consider applying for an Instructional Improvement Grant.

If you have questions at any time, please contact Tim Borchers at [borchers@mnstate.edu](mailto:borchers@mnstate.edu).

Thanks!
