

Nursing Plan SLOAC Review Comments

Thanks for filing an assessment plan with the SLOAC. We have the following comments for you to consider:

- The following rubrics are incomplete and need more development.- eFolio, Group Community Assessment Project, and Nursing Preceptorship (need to define difference between the scale ranges). We would like to see these rubrics as you finish them. Also, using the word “competent” is more effective than “average” on your rubrics. It’s less subjective to variations in the compared population.
- Unclear how arts or humanities as listed in SLO 1 will be measured – not listed in the rubric.
- SLO #5 does not test student’s ethical performance, but student participation in an online discussion board. Participation does not seem to be a viable assessment of achieving the SLO. You might reconsider how you’ll assess that outcome.

Your next report will be due October 31, 2007.

Grant applications are due Jan. 31, 2007. The form is available at www.mnstate.edu/assess.

If you have questions at any time, please contact Tim Borchers at borchers@mnstate.edu.

Thanks!
