SLOAC Review Comments

Thanks for filing an assessment report with the SLOAC. We have the following comments for you to consider:

1. Need to define the rating scale with specific identifiers. You seem to have done that with your new report.
2. Results are stated, but it is unclear what the results mean. There is not a direct correspondence between a result, an outcome, and a “treatment” that may have caused the result.
3. Program does not address how the assessment results will be used to improve student learning. Try to dig a little deeper into your assessment data.

We have just received your revised plan and will review that at our Nov. 11 meeting. We'll be in touch after that about any recommendations.

If you have questions at any time, please contact Tim Borchers at borchers@mnstate.edu.

Thanks!
