## MHA 540: Talent Management in Healthcare

### A. COURSE DESCRIPTION

Credits: 3

Lecture Hours/Week: 3

Lab Hours/Week: 0

OJT Hours/Week: \*.\*

Prerequisites: None

Corequisites: None

MnTC Goals: None

This course is designed to study, understand, and apply basic skills essential to role of talent management within healthcare. The degree to which healthcare organizations understand and manage talent resources will have a significant impact on the success of the organization. This course serves as a comprehensive foundation for core aspects of talent planning, development, and administration vital to the talent manager, operational managers, and senior leaders. Additionally, the course will aim to develop students' capacity to identify, discuss, and reflect upon the ethical dimensions of political, social, and personal life, and to understand the ways in which they can exercise responsible and productive citizenship. Students will learn that responsible citizenship requires them to develop skills to understand their own and others' positions, the fundamental importance of talent management, be part of the free exchange of ideas, and function as public-minded citizens.
