INSTRUCTIONS

FULL COURSE OF STUDY REQUIREMENT

Immigration regulations require that all F-1 and J-1 students register for and complete a full course of study each term during the academic year. A student may request a reduced course load if the reason meets the criteria outlined by immigration regulations. A request for a reduced course load must be supported by your academic adviser and must be pre-approved. **Dropping below a full course of study without PRIOR approval results in a loss of legal status.**

TO REQUEST A REDUCED COURSE LOAD:

- 1) Determine if your situation is acceptable for a reduced course load. Read the section “*Acceptable Reasons for a Reduced Course Load*” below. If your reason does not match one of those listed, you are **NOT** eligible for a reduced course load and you must enroll full-time.
- 2) Complete this form and select the reason for your reduced course load.
- 3) Submit the form to your academic adviser for his/her signature.
- 4) If you have selected reason #G (Medical Reason), request a letter from your doctor. See below for details.
- 5) Submit these documents to the Center for Global Engagement (120 CMU) for final approval. Do not drop below full-time until this authorization is given.

The deadline for submitting a request for reduced course load is the first day of the semester. If you plan to drop below the full course minimum during a semester in progress, you must submit this form to the Center for Global Engagement (CGE) PRIOR to withdrawing from your course(s). Dropping below full-time without PRIOR approval from CGE constitutes a loss of legal status.

GENERAL REGISTRATION INFORMATION

- Minimum credit requirements for international students is 12 credits for undergraduates and 8 for graduate students per regular semester.
- Continuing students are not required to enroll during summer session. Students admitted to begin a program in the summer **MUST** enroll full-time (on campus courses) during the summer of admission.
- Students with F-1 status may include a maximum of one course of not more than 3 credits of online courses in their full course requirement.
- Audited courses do **NOT** count toward the full course requirement. The *audit grade basis* for courses means you do not earn credit for the course.
- Enroll for all of your credits at the beginning of the term. If you plan to split your enrollment between the first and second half of the semester, you must enroll for **ALL** courses at the beginning of the term. You may not wait until midterm to enroll for second-half courses.
- You are responsible for your enrollment. If your adviser/department completes enrollment for you, make sure that your enrollment occurs before the drop/add deadline of the term. SEVIS reporting occurs early in the semester; therefore retroactive enrollment is not acceptable. If your department does not enroll you by the deadline, you will lose your legal status.
