

STUDENT SERVICES INFORMATION AND CONSENT FOR TREATMENT FORM

Students in the Post-Secondary Education Option Program have student fees paid for them through this state sponsored program. They are therefore eligible for all services offered on campus. If a student is under 18 years of age and requires medical care, on or off campus, a consent signed by a parent or legal guardian is needed to permit any examination or treatment. *This consent is only for on-campus medical care offered in the Hendrix Health Center.*
