MHA 692A – Capstone I	1 credit
MHA 692B – Capstone II - 3 credits <u>or</u> MHA 692B 1 credit with MHA 691 2 credits (global healthcare experience).	3 credits
Total Credits for MHA Program	40 credits

Students should work with their advisor to design the best progression plan for them.

Part Time progression plan – Fall Start: Approximately 7 semesters to complete (about 2.5 calendar years). ****This is the most common progression plan selected by students!**

*Indicates foundational MHA courses that need to be taken in the student's first year. **Represents Capstone courses that need to be taken in the student's final semesters (majority of course work needs to be completed before enrolling). Students can fill courses into their schedules based on seats/enrollment; students work with their advisor to ensure appropriate academic progression.

Pre-Requisite: Graduation from an accredited undergraduate program/GPA requirements (see application), undergraduate statistics for MHA 615, at least one year of healthcare experience and/or healthcare specific coursework.	
Possible/Typical Progression Plan: Students can progress at their own pace (for example take one course per semester). Students must complete their graduate degree within 7 years of taking their first course. It is recommended that students do not take more than 3 courses per semester to be successful in obtaining their degrees.	
Fall 1 (6 cr)	Spring 1 (6 cr)
*MHA 628 Healthcare Delivery Systems, Policy, and Reimbursement (3 credits) MHA 605 Health Care Quality and Regulatory Management (3 credits)	* MHA 638 Health Information Systems (3 credits) **MHA 615 Research and Evidence Based Practice (3 credits)
Summer 1 (6 cr)	
*MHA 650 Organizational Strategy and Systems Leadership (3 credits) MHA 625 Health Program Planning and Evaluation (3 Credits)	
Fall 2 (6 cr)	Spring 2 (7 Cr)
MHA 618 Health Care Law and Ethical Decision-Making (3 credits) MHA 514- Healthcare Strategic Planning and Marketing (3 credits)	MHA 619 Applied Health Care Financial Management (3 credits) ECON 610- Healthcare Economics- (3 credits) **MHA 692A Capstone I (1 credit) **Capstone I must be taken prior to Capstone II (no more than 2 semesters prior)
Summer 2 (3 cr)	
MHA 651 Healthcare Operations Management (3 credits)	
Fall 3 (6 cr)	
MHA 540 Talent Management in Healthcare (3 credits) **MHA 692B Capstone II (3 Credits)	
Capstone I and II MUST be taken at the end of the program. Capstone I must be taken before the Capstone II is completed. Capstone needs to occur in the last or 2nd to last semester of the program.	

Note: Capstone I and Capstone II are only offered Fall/Spring semesters. Students should form their plan based on their needs and capstone site/mentor.

TOTALS:

3 Economic credits

33 Degree Specific MHA Credits

4 Capstone Credits

40 Total Credits
