

Minnesota State University Moorhead

PSY 724: Assessment/Intervention IV: Psychosocial Problems

A. COURSE DESCRIPTION

Credits: 4

Lecture Hours/Week: 4

Lab Hours/Week: 0

OJT Hours/Week: *.*

Prerequisites: None

Corequisites: None

MnTC Goals: None

This course will expand on skills and concepts of psychological assessment learned in Assessment/Intervention I/II/III. It will focus on assessment and intervention for students with psychosocial difficulties, such as attention deficit, autism, and disruptive behavior disorders. Topics covered include the theory and practice of counseling children and adolescents, crisis in the schools and competence in serving students from diverse backgrounds.
