

Minnesota State University Moorhead

NURS 642P: Advanced Nurse Educator Practicum Capstone I

A. COURSE DESCRIPTION

Credits: 2

Lecture Hours/Week: *.*

Lab Hours/Week: *.*

OJT Hours/Week: *.*

Prerequisites: None

Corequisites: None

MnTC Goals: None

Focus on nursing education in academic setting. This course provides the student opportunities for application of knowledge and skills in self-selected academic nursing education setting. Students will have the opportunity to observe and participate with a preceptor practicing in a higher learning setting area. Major competencies in evidenced-based practice, professional issues, organizational education/practice trends, industry influences, changing role of the educator and self-assessment are integrated into the course with an emphasis on breadth of the nursing higher education practice role. The course focuses on the expanded role expectations for registered nurses prepared at the graduate level in nursing education. 100 precepted clinical hours included.
