A. COURSE DESCRIPTION

Credits: 4

Lecture Hours/Week: 2

Lab Hours/Week: 4

OJT Hours/Week: *.*

Prerequisites: None

Corequisites: None

MnTC Goals: None

The Photographic Portfolio Development II course is the second in the portfolio development series. Photography students produce and present a portfolio of work based on a area of photographic specialization that will assist them in gaining employment or continuing their education. Photographic topics can include, but are not limited to; fine art, commercial, documentary or portraiture. Emphasis is placed on technique, aesthetics, and conceptual concerns. This work is done with close supervision and mentoring from the photography faculty. Work is contract based as agreed upon with the instructor.
