

Construction Management

college to career major map

Career Development Center

	1ST YEAR	2ND YEAR	3RD YEAR	4TH OR FINAL YEAR
Academics	<p>Start taking LASC courses as well as foundational and core Construction Management courses.</p> <p>Begin considering a minor and/or certificate such as Business.</p> <p>Need a little help in your classes? Look into tutoring with the Academic Support Center.</p>	<p>Take a deeper dive into the discipline of Construction Management.</p> <p>Need a little help in your classes? Look into tutoring with the Academic Support Center.</p>	<p>In addition to getting your access code, schedule an appointment with your Academic Advisor to ensure you're on track for graduation.</p> <p>Take inventory of your professional goals and decide if your future will need to include graduate school. Take the necessary exams and keep track of application timelines.</p>	<p>Participate in the Capstone Experience, working with a team to develop a project from conception to completion. Through this experience, you'll demonstrate your skills in communication, problem-solving, teamwork, ethics, leadership, estimating, scheduling, site logistics, quality control, and management.</p> <p>Sit for the National Constructor exam.</p>
On-Campus Experience	<p>Join a major-specific student organization such as the Construction Management Society. Explore other student organizations to join on DragonCentral.</p> <p>Participate in Student Life Pathways to continue growing your skills/knowledge outside of the classroom. We recommend starting with the Community Life Pathway.</p>	<p>Find an on-campus job or a part-time position in the community. Visit DragonJobs powered by Handshake, or one of the many other online job boards to find opportunities.</p> <p>Continue working on your Student Life Pathways. Try working your way through the Personal Wellness and the Equity and Inclusion paths.</p>	<p>Begin your leadership journey by applying for a student leadership position or run to be an officer in the Construction Management Society.</p> <p>During your third year, we suggest focusing on the Professional Success and Contribution and Influence Student Life Pathways. These will help connect you to potential employers and develop skills necessary for success post graduation.</p>	<p>Assess what experiences or skills are areas of growth for you and fill in gaps with volunteering, organizations, or part-time employment.</p> <p>Finish up your pathways and be sure to add your accomplishments to your LinkedIn and resume.</p>
Connect to the Community	<p>Start building your professional network by attending community events such as StartUp Brew Fargo as well as Career Fairs and Internship Day events on campus.</p> <p>Participate in field trips, mentorship opportunities, and student competitions to learn more about the field.</p>	<p>Join LinkedIn to begin building your professional network and online presence. Think of your profile as a virtual resume and make sure to update it regularly to reflect new jobs, research, coursework, volunteering, involvement, and skills.</p> <p>Participate in the Minnesota Construction Association Leadership Training Academy held each spring.</p>	<p>Continue your involvement with on and off-campus events and organizations. Check out events hosted by the FMWF Chamber of Commerce, Emerging Prairie, and the Economic Development Corporation</p> <p>Participate in the Associated Schools of Construction Region 4 student competition.</p>	<p>Join professional organizations such as the Construction Management Association of America to gain access to research, continuing education opportunities, and job boards.</p> <p>Get involved in a community organization such as the Home Builders Association or the Young Professionals Network to continue building your professional network.</p>
Understand Your Career	<p>Explore your interests, skills, and values and learn about the career readiness competencies by taking the FOCUS 2, an online assessment free for all MSUM students.</p> <p>Schedule an appointment with the Career Development Center to review your FOCUS 2 results and to begin building your resume.</p>	<p>Start researching potential career paths on O*Net. Here, you will be able to find valuable information such as typical tasks associated with the profession, skills, and knowledge needed, education and licensures needed, wages and employment trends, professional organizations, and related occupations. We suggest you search for careers such as Construction Managers.</p>	<p>Attend professional development-related events on-campus, and connect with faculty to learn more about the field and gain insights on how to be successful in your job search.</p> <p>Find an internship or part-time job with a local or regional business to learn the ins and outs of your chosen career. Prior to applying, schedule an appointment with the Career Development Center to help you prepare.</p>	<p>Attend the STEM Engineering Fair at NDSU to connect with employers looking to hire construction management majors like yourself. This fair is open to students across the metro.</p> <p>Schedule appointments with a Career Coach to go over your professional documents and to prepare for upcoming interviews. And remember, once a dragon always a dragon. You have access to these services for life.</p>
