2019-2020

Student’s Guide to Financial Aid

Office of Scholarship & Financial Aid

Mission Statement:
The Office of Scholarship and Financial Aid promotes student learning, achievement and success by meeting the needs of students: first through scholarships and grants; next through on and off campus employment; and lastly, through access to student loans.

107 OWENS HALL
1104 Seventh Avenue South
Moorhead, MN  56563
PHONE: (218) 477-2251

Office Hours:
8:00 AM – 4:30 PM, Monday through Friday
MSUM Mission Statement
Minnesota State University Moorhead is a caring community promising all students the opportunity to discover their passions, the rigor to develop intellectually and the versatility to shape a changing world.

Minnesota State University Moorhead offers services to students with disabilities. The financial aid information is available in alternate formats. Please contact Accessibility Resources at (218) 477-4318 (voice) or Minnesota Relay Service/TTY at 1-800-627-3529 for more information.

Financial Aid Programs
Each student has a somewhat different financial situation. A financial aid award package consists of funding from one or more financial aid programs and is intended to help meet each student’s financial needs.

Students must meet eligibility criteria for each of the programs available at MSUM. Private scholarships, MSUM scholarships, and outside agencies such as the Department of Rehabilitation Services and Bureau of Indian Affairs establish their own individual guidelines for student eligibility. Assistance through Federal Pell Grant, Minnesota State Grant and most other federal programs require that students:

1. Demonstrate financial need.
2. Have a high school diploma or GED or pass an independently administrated test approved by the Department of Education or standards established by your state.
3. Are not suspended from receiving assistance due to a drug conviction.
4. Are not in default on federal or SELF loans; or owe a repayment on federal grants.
5. Be enrolled as a regular student in a degree program.
7. Maintain satisfactory academic progress.
8. Have a valid Social Security number.
9. Receive financial aid at only one school each semester (most types of aid).
10. Apply annually.

Students who complete their first undergraduate degree are no longer eligible for Federal Pell Grant, Federal SEOG, and Minnesota State Grant, but may be eligible for Federal or State Work-Study or student loans. Students who are admitted to graduate programs may be eligible for Federal or State Work-Study, MN Child Care Grant, Federal Unsubsidized Direct Loans or private educational loans.

Awards are based on anticipated full time enrollment (undergraduate full time is 12 or more credits, three-quarter time is 9-11 credits and half time is 6-8 credits). Some developmental courses do not qualify for financial aid and are excluded from the credit count. Financial aid budgets and awards for applications received after the semester begins are adjusted to actual enrollment. Listed below are the types of financial aid that are available at Minnesota State University Moorhead.

Grants and Scholarships
Grant and scholarship funding is gift money and does not need to be repaid. It is available to undergraduate students seeking their first degree and may be funded through the University, state and federal agencies, or other sources.

The Federal Pell Grant Program
Available only to undergraduate degree-seeking students pursuing their first degree. Payments are made each term based on the number of credits for which you enroll. If enrolled for less than 12 credits, your Federal Pell Grant award will prorate. Federal Pell Grants are available to students enrolled for 1-12 credits or more with a maximum award of $6,195. Pell Grant payments are based on registration in Pell-eligible classes on the 22nd calendar day of the semester (September 16, 2019 and February 3, 2020), and are not increased for changes
that occur later. Adding classes or switching sections of courses after the 22nd calendar day of the semester may reduce Pell Grant eligibility. Pell Grant is limited to 12 full-time semesters (600%) or its equivalent.

**The Federal Supplemental Educational Opportunity Grant (FSEOG)**
Funded by the federal government and the university. FSEOG is part of MSUM’s campus-based financial aid. You must demonstrate financial need to be eligible for this award. Awards prorate when enrollment is for 1 to 11 credits. Funding is limited and awarded until funds are depleted. Eligibility is limited to students seeking their first undergraduate degree.

FSEOG is awarded to Pell-eligible students based on Expected Family Contributions (EFC). Maximum award is $800. Professional judgement can be used to award up to the maximum of $4,000 per year.

**TEACH**
TEACH Grant (potential loan) provides up to $4000 per year for undergraduate and graduate students admitted to the School of Teaching and Learning and planning licensure to teach math, science, foreign language, bilingual education, special education, reading specialist or other areas designated as high need by federal or state government.

The recipient agrees to serve as a highly qualified full-time teacher in one of these areas for at least four years within eight years of completing their course of study. Failure to meet the service requirement results in the grant reverting to a federal unsubsidized Direct Loan requiring repayment of the full amount plus accrued interest from date TEACH is disbursed.

**Minnesota State Grant**
Funded by the State of Minnesota and for undergraduate Minnesota residents. MSUM determines your eligibility. MN State Grant eligible students must submit a FAFSA prior to the 30th day of the first semester enrolled each academic year. Eligibility is limited to 8 full-time equivalent semesters of undergraduate enrollment. If a student is required to withdraw from a semester due to a major medical illness, the semester may be exempt from the total enrollment count (medical professional documentation required). When determining this award, any Federal Pell Grant for which the student qualifies will be considered first. MN State Grant is available to students taking 3 or more credits per term. The minimum award is $100 per year and the maximum is calculated based on enrollment at the time of disbursement. Students who are delinquent in paying child support or in default on a SELF Loan are ineligible for grant payments.

**Minnesota Post-Secondary Child Care Grant**
The Minnesota Post-Secondary Child Care Grant program provides financial assistance to students who are Minnesota residents, have children 12 and under (or 14 or younger if child is handicapped), are not receiving assistance under the Minnesota Family Investment Program (MFIP), and who demonstrate financial need for grants. The MN Post-Secondary Child Care Grant is used to help pay for child care while pursuing a first undergraduate degree or a graduate/professional degree.

The maximum award amount is $5,200 per eligible child per academic year and is based upon the income of the applicant and spouse, the number in the applicant's family, the number of eligible children within the family who need child care, and the applicant's level of enrollment. Awarding is done annually through an application process and is based on availability of funds.

**Vocational Rehabilitation Services**
Provides grant assistance to students with disabilities. Any award depends on the availability of funds and meeting specific qualifications. Check with the Rehabilitation Office in your home area for more information. Minnesota Department of Rehabilitation Services requires students to complete the Free Application for Federal Student Aid.
Indian Scholarships
Funded by the tribal councils or the Minnesota State Indian Scholarship Program and provides assistance to students of Tribal American Indian, Eskimo or Aleut heritage. Any award depends on availability of funds and meeting specific criteria. Students are usually required to be enrolled full-time (12 credits per term) to receive funding. Contact the Bureau of Indian Affairs office in your region or your tribal office for more information on tribal assistance or contact the Minnesota Indian Scholarship Program at 1-800-657-3866.

University Scholarships
Based upon academic achievement, special talents or leadership, scholarships are funded through MSUM Foundation and University resources. They are available to entering freshmen, transfer students and currently enrolled undergraduate MSUM students. Many MSUM scholarships require an annual application. Freshman automatic scholarships: Distinguished Dragon, Moorhead Achieve and University Scholarships are renewed without an application for subsequent years (up to a total of four years or when you graduate, whichever comes first) if academic standards are met. Information is available at www.mnstate.edu/scholarships.

The National Guard, Army Reserve, and Air Force ROTC
Membership programs can provide significant financial assistance. For more information, contact a recruiter or ROTC representative. Veterans benefits may be available for veterans of the Army, Navy, Air Force, Marines, or Coast Guard. Contact the MSUM Veterans Resource Center for information and notify our office if you will receive tuition assistance from any of these sources. Contact the Office of Scholarship and Financial Aid if you wish to discuss financial aid eligibility and/or student loans.

Non-University Scholarships
Scholarships from sources other than MSUM are a potential source of financial assistance. Such scholarships vary in eligibility requirements, application deadlines, and monetary amounts. These scholarships are usually awarded by an agency other than MSUM; however, they are usually disbursed through the University. Students are required to report non-university scholarships to the Office of Scholarship and Financial Aid.

Financial aid packages will be reviewed and adjustments may be required if students receive additional scholarships or assistance from any source.

Work Opportunities
Complete information about student employment at MSUM can be accessed from the Career Development Center Dragon Jobs website. A search for on and off campus employment is available at www.mnstate.edu/dragonjobs. Minnesota’s (and therefore MSUM’s) minimum wage rate is $9.86 per hour. Types of campus employment funding include:

Federal or State Work-Study
Funded by federal and state governments and the University. Eligibility is determined by the Office of Scholarship and Financial Aid annually. If you qualify by demonstrating financial need and funds are available, you are allocated a specific amount of money to be earned each semester on the MSUM campus or at an approved off-campus community service site. This amount is listed on your award letter. Upperclass student maximum award is $3,200 ($1,600 per semester) and freshman award is $2,200 ($1,100 per semester). Awards may be reduced for less than full-time enrollment; minimum enrollment is six (6) credits. If enrollment drops below six credits, you must immediately cease working.

For assistance in finding a job, check Dragon Jobs online at www.mnstate.edu/dragonjobs. Together, you and your supervisor will coordinate your work, class, and study schedules. A Work Authorization form is needed to start the payroll process. There will be a link to the Work Authorization form in your Award Notice. Print it, fill in the top section, sign, date and give to your supervisor to start payroll. Student employees returning to last
year’s employment site through department priority work request must submit their Work Authorization to the supervisor requesting their employment. Payroll funds are issued through direct deposit to the student’s checking or savings account.

**Community Service Work Opportunities**
Intended to provide students with the opportunity to work for a pre-approved non-profit or government agency in an area related to their major or an area of special interest. The MSUM Career Development Center has a list of work sites that are available. The minimum pay rate is the same as on-campus locations.

**America Reads**
Offers students an opportunity to be a reading tutor for elementary age children in the local school system. More information is available from the MSUM Office of Scholarship and Financial Aid and the MSUM Career Development Center.

**Non Work-Study (Regular Funds)**
Employment is available through most University departments and offices on campus. Under this program, an office can hire any enrolled student they choose. It is not necessary to apply for financial aid or to have financial need to obtain a job in this program. Job openings are posted on the Career Development Center’s web page (www.mnstate.edu/dragonjobs) and students can also check with individual offices and departments for information.

**Work Expectations**
Full-time (12 credits per semester) upperclass undergraduate students and Graduate Assistants may work an average of 13 hours per week based on the financial award. Freshmen are encouraged to work no more than 8 hours per week to help ease the transition to college.

A student may not work during the times they are scheduled to attend class. Students may work in more than one position to earn the maximum allocation. Each position requires a separate Work Authorization.

**Off-Campus Employment**
A source of income for many students, Dragon Jobs assist students in locating employment opportunities in the Fargo-Moorhead community. Jobs are also listed on the website at www.mnstate.edu/dragonjobs.

**Loans**
Student loans are sources of financial aid that must be repaid at a future time. Loans are typically disbursed on a semester basis and require the student to be enrolled at least half-time (6 credits) to be eligible. Some private educational loans allow less than half-time enrollment. Repayment and deferment terms for student loans vary.

MSUM students, including transfer students, receiving loans through the William D. Ford Federal Direct, SELF, or other private loan program must complete Entrance Loan Counseling before receiving the first loan disbursement. On-line counseling is accessed at studentloans.gov. A personal counseling session may be scheduled with the Office of Scholarship and Financial Aid. **Loans are not released until entrance loan counseling completion is documented.** This applies to only the first Federal Direct Loan disbursed.

**Loan Counseling**
All first-time borrowers are required to complete Entrance Loan Counseling (available on-line). It is recommended graduating seniors complete exit loan counseling online soon after graduation. Individual loan counseling is available by appointment throughout the semester.
On-Line Loan Counseling Options:
Entrance Loan Counseling – studentloans.gov
Exit Loan Counseling – studentloans.gov
Students with a Department of Education FSA ID can access loan information at www.nslds.ed.gov

Students who drop below six credits, graduate or withdraw are strongly encouraged to complete Exit Loan Counseling online at studentloans.gov (requires the FSA ID to access).

Loans not accepted by the student and certified by MSUM prior to the last day of a student’s enrollment (6 credits minimum) are forfeited.

Students (and parents who borrow PLUS loans) have the right to cancel all or a portion of any loan by submitting a written cancellation request to the Office of Scholarship and Financial Aid within 14 calendar days after disbursement. The signed and dated request must include the borrower’s name and Dragon ID or STAR ID number (for PLUS loans, also include the student’s name and ID), the type of loan, and the amount to be cancelled. Cancellations after disbursement may result in a bill owed to the university.

Loan limits are for the 12 month period, August to August. Borrowing the annual maximum during the standard academic year affects loan eligibility for summer term.

The Federal Perkins Student Loan
Perkins loans are not available for award year 2019-2020 due to Federal legislation.

The William D. Ford Federal Direct Loan
Provides both Subsidized and Unsubsidized Direct loans. Applications are processed through the MSUM Office of Scholarship and Financial Aid, but the money is borrowed from the U.S. government and the Department of Education, not a bank or lender. To be eligible, you must be enrolled for 6 or more credits each semester in a degree program, complete the financial aid application process, and accept the loan before the last day of enrollment. Subsidized Federal Direct Loan must be awarded, and if eligible, processed before Unsubsidized Federal Direct Loan.

Federal Direct Loan eligibility ends the last day of a student’s enrollment each semester or year (or if enrollment drops to less than 6 credits). Federal loans cannot be processed after the last day of a semester for prior enrollment and charges.

Federal Direct Subsidized
For current Direct Subsidized loans the federal government pays the interest on the loan while you are in school, for six months after you leave school or drop below half-time enrollment (grace period) and during periods of deferment. At the end of the six month grace period, repayment of principal and interest (4.53%) begins. All new borrowers as of July 1, 2013 are subject to a limit on eligibility for interest subsidy on Federal Direct Loans. If a student does not complete their program of study within the equivalent of 150% of the published length of the program, the interest subsidy on their loans ends. Ex. – a student in a 4 year degree program receives subsidized Direct Loan for the equivalent of 6 years of full time study. If the student continues attendance, all interest subsidy on existing loans ends and no additional subsidized loans can be awarded.

The percent usage will be reported to the university for affected students. This will be reviewed in loan awarding and certification to determine eligibility for subsidized and/or unsubsidized loans. Academic years on all borrowers’ loan records will reflect actual enrollment. Required enrollment reporting will include major and published length of program. Graduate students are not eligible for subsidized loans.
Federal Direct Unsubsidized
The Unsubsidized loan requires that the student pay the interest (4.53%) while in school or have the interest added to the principal of the loan and paid during the repayment period. Interest is charged during the six month grace period and during periods of deferment. Students do not need to demonstrate financial need to be eligible for the loan. Independent students (and students whose parents are ineligible for PLUS loans) have expanded unsubsidized eligibility. The 150% eligibility limit does not apply to Unsubsidized Direct Loans.

The chart below indicates a student’s annual eligibility for subsidized and unsubsidized Direct Loan. Base eligibility may be fully subsidized loan, or fully unsubsidized loan, or a combination of both (not exceeding the grade level maximum).

Loan eligibility for graduating seniors enrolled only one semester of the award year is limited by required loan proration. Full-time students are typically limited to one-half of the annual limit. Eligibility for students enrolled less than full-time is determined by actual credits.

Students holding a bachelor’s degree but continuing undergraduate enrollment in preparation for graduate study at MSUM or teacher licensure may borrow up to $7,500 if dependent or $12,500 if independent.

An origination fee of 1.062% is charged on all loans that are processed and subtracted from the amount borrowed prior to disbursement.

Maximum borrowing for dependent undergraduate students is $31,000 (no more than $23,000 subsidized); independent undergraduate students is $57,500 (no more than $23,000 subsidized). Maximum borrowing for graduate/professional students is $138,500 (no more than $65,500 subsidized).

The maximum standard repayment period is 10 years and the minimum monthly payment is $50, with a fixed interest rate of 4.53% on loans disbursed after July 1, 2019. The interest rate on unsubsidized Direct Loans for graduate students is a fixed 6.08%. Several payment plans are available and vary based on when you first borrowed. Check with your Direct Loan Servicer for details (contact information is available at www.nslds.ed.gov).

One Master Promissory Note is completed and is valid for up to 10 years. The electronic version (eMPN) is completed online at studentloans.gov using the FSA ID. A paper MPN may be requested by those unable to use the electronic process.
Federal Direct Parent Loans for Undergraduate Students (Federal PLUS)
Provides an opportunity for parents of dependent students to borrow funds for their student’s educational costs. The fixed interest rate is 7.08% on loans disbursed after July 1, 2019. An origination fee of 4.48% is subtracted from each disbursement. Repayment usually begins 60 days after the loan is fully disbursed. However, borrowers have an optional 6 month grace period and the parent may request to defer repayment while the student is in school. Loan amounts may not exceed educational costs minus any other financial aid received or estimated.

The Federal Direct PLUS Loan Request Form (available online or by request) is processed through the MSUM Office of Scholarship and Financial Aid, but the money is borrowed from the U.S. government and the Department of Education, not a bank or lender.

The PLUS Loan Master Promissory Note is electronic and can be completed online at studentloans.gov using the parent’s FSA ID (request one at fsaid.ed.gov). A separate eMPN must be completed for each dependent student for whom a Direct PLUS Loan is taken.

The loan is disbursed electronically. Funds are applied to the student’s bill first; any unused portion is sent directly to the student or parent borrower. A valid FAFSA must be received prior to processing a Federal PLUS loan request. The student must meet all financial aid eligibility requirements and be enrolled for six credits or more throughout this process to receive the loan.

Federal Direct PLUS Loan for Graduate Students (Federal Grad PLUS)
Provides an opportunity for graduate students to borrow funds for their educational costs. The fixed interest rate is 7.60% on loans disbursed after July 1, 2018. An origination fee of 4.264% is subtracted from each disbursement. Repayment usually begins 60 days after the loan is fully disbursed, but loans disbursed after July 1, 2008 have an optional 6 month grace period and parent may request to defer repayment while the student is in school. Loan amounts may not exceed educational costs minus any other financial aid received or estimated.

The Federal Direct PLUS Loan Request Form (available online or by request) is processed through the MSUM Office of Scholarship and Financial Aid, but the money is borrowed from the U.S. government and the Department of Education, not a bank or lender.

The PLUS Loan Master Promissory Note is electronic and can be completed online at studentloans.gov using the parent’s FSA ID (request one at https://fsaid.ed.gov/npas/index.html). A separate eMPN must be completed for each dependent student for whom a Direct PLUS Loan is taken.

The loan is disbursed electronically. Funds are applied to the student’s bill first; any unused portion is sent directly to the student borrower. A valid FAFSA must be received prior to processing a Federal PLUS loan request. The student must meet all financial aid eligibility requirements and be enrolled for six credits or more throughout this process to receive the loan.

Student Educational Loan Fund (SELF)
This loan is funded by the State of Minnesota for use by Minnesota residents or non-resident students at Minnesota schools. Annual and cumulative loan limits are set by the Agency and are currently at $20,000/annually for undergraduate and graduate programs. Minimum loan is $500.

Students must be enrolled in a degree program, making satisfactory academic progress, and have a credit worthy co-signer for this loan. Students are not required to borrow through the Direct loan program before using the SELF
program. However, a Federal Loan default adversely affects SELF Loan eligibility. Loan eligibility may be reduced if the student is receiving other financial aid. Students with Bachelor degrees who seek a second major may borrow through the SELF Loan Program.

Minnesota State University Moorhead requires students to complete the online SELF Entrance Loan Counseling before beginning the online SELF Loan application process. MSUM can only certify SELF loan applications for students who have received their official award notification. If you have not yet been notified of your financial aid award, do not begin the SELF online process. If you will not or cannot complete the federal financial aid process, contact the MSUM Office of Scholarship and Financial Aid before starting the online SELF loan process.

SELF loans are disbursed on a semester basis and have a choice of fixed or variable interest rates. Interest payments must be made every three months while in school. After leaving school, students make monthly “interest only payments” for the first year and begin principal and interest payments the second year. An alternative repayment plan allows for payment of interest only for two years and principal and interest beginning in the third year. Using this extension of “interest only payments” does not extend the total repayment period. There are limited deferments offered on the SELF loan.

Private Educational Loans
Additional commercial loans from a variety of lenders are available. The terms vary. A list of reputable loan programs is available on-line at: https://choice.fastproducts.org/FastChoice/home/236700. Students may qualify for Subsidized and Unsubsidized loans that may be more favorable than private educational loans. On-line application from the lender’s website is required for acknowledgement of loan pre-approval.

Private Educational Loans are not awarded by MSUM but initiated by the student. The student must initiate an application by going online to apply or submit a paper application. Be careful to complete all requirements for application to avoid disbursement delays. Information from the lender is submitted to MSUM for certification. The expected timeframe from application to disbursement of funds is 5-6 weeks.

Some private loan programs allow funds to be borrowed for charges unpaid and incurred for prior terms of enrollment at MSUM. If the student has remaining eligibility in the financial aid budget and an unpaid MSUM account for the loan period requested, the application is reviewed by an Assistant Director. A loan requested within the lender defined time limits may be approved to pay outstanding University charges (documentation of need may be required).

Determining Your Financial Aid
Family Contribution
When meeting the financial costs for college, the major responsibility rests with you, the student, and your family. The family “contribution” is an assessment of your ability to pay based on information provided on the Free Application for Federal Student Aid (FAFSA). Family contributions are determined by using a formula called Federal Needs Analysis Methodology. For dependent students, it is based on student and parent information. For independent students, it is based on student and spouse information (if married). The analysis reviews income, taxes paid, family size, number in college and assets. Allowances for taxes paid, Social Security, and moderate family living costs are deducted from income and the remaining available income is then assessed to determine the amount available to assist with school costs.

In calculating Minnesota Grant eligibility, the dependent student’s contribution is not used, only the parents’ contribution is used.

When available, other resources, such as State Veterans benefits, Division of Rehabilitation Services assistance, Resident Assistant compensation, or housing and tuition waivers meet a portion of the educational costs, and aid is adjusted accordingly.
Dependent Students
A student is considered dependent for financial aid purposes unless one of a limited number of circumstances is met (age, marital or veteran status, etc.). Parent information is required to determine financial aid eligibility.

Dependent students are expected to have a contribution available based on 50% of their income after allowances for taxes and living expenses are deducted. If savings or investments are reported, 20 percent of these assets are calculated to be available for school costs. Your Expected Family Contribution (EFC) is the combination of your contribution and your parents’ contribution.

Independent Students
Independent students without dependents and married independent students are normally expected to have an amount equal to 50 percent of their available income to help meet school costs.

In addition, 35 percent of any reported assets, such as savings, are part of the contribution. If there are additional assets from real estate and investments or business, a contribution is calculated.

Independent students with dependents, other than a spouse, have a maintenance allowance that reflects the number of persons in the student’s family. In some cases, the student contribution may be zero because the amount allowed for family living costs is equal to or greater than the available income.

Documentation and Verification
Students are required to provide requested documentation to confirm their aid eligibility. This occurs prior to receiving your financial aid award notice. If selected for verification, you will be required to import Federal tax information from the IRS to your FAFSA or submit a signed Federal tax return, W-2s, family size/number in college information along with other documentation as needed. In addition, you may be required to confirm the accuracy of other FAFSA data submitted to resolve conflicting information. Respond within two weeks to requests for documentation or clarification of information provided. Financial information must be verified before financial aid is awarded or payment made. Payments may be late if appropriate documentation is not provided or if reprocessing is required. Failure to complete verification within time limits (i.e., appropriate documentation is not received at MSUM) may result in forfeiture of financial aid eligibility.

If an applicant or parent filed an IRS tax extension, financial aid may be awarded and disbursed for fall semester (with prior approval). All required documentation must be submitted by December 1, 2019, and verification completed to validate fall eligibility and award spring financial aid. Failure to submit required documentation may result in canceling previous and future financial aid disbursements.

Cost of Attendance and Budget
When determining aid eligibility, the Office of Scholarship and Financial Aid establishes an average budget that includes estimated costs of tuition and fees, books and supplies, personal and incidental costs, room and board, transportation and if applicable, child care costs for children supported by the student. Personal and incidental expenses are included in the budget to cover costs such as laundry, personal care items, loan fees, transportation and entertainment. Students living with parents have a lower budget than students who live on or off campus.

Budget adjustments can be made for commuters (more than 40 miles round trip daily), for students from out of state and for child care and dependent care costs for individuals supported by the student. If you have special circumstances affecting your cost of education, contact the Office of Scholarship and Financial Aid to submit an appeal and provide documentation.

After determining the family contribution and the cost of attendance, aid eligibility is reviewed and an award package determined. The formula used to determine aid is:
Cost of Attendance – Family Contribution = **Financial Need**

Awards are usually based on full-time enrollment. Students who are enrolled for less than an academic year or for less than 12 credits per semester have their budgets, contributions, and awards adjusted.

Tuition and fees are based on residence for full-time enrollment (12-19 credits per semester). For a non-Minnesota resident, student budgets may vary due to tuition reciprocity or non-resident tuition. Graduate costs are based on graduate tuition rates and enrollment equivalent to 24 credits per year (Fall/Spring semesters).

**Tuition Reciprocity**
North Dakota, South Dakota, and Manitoba freshmen who enter the University during the year immediately following high school graduation do not need to apply for reciprocity. All other North Dakota, South Dakota, Wisconsin and Manitoba students attending Minnesota State University Moorhead must apply for reciprocity. Reciprocity application forms are online: [http://www.mnstate.edu/records/residency-reciprocity.aspx](http://www.mnstate.edu/records/residency-reciprocity.aspx). Follow site instructions to access the appropriate state. Students can complete online or print the reciprocity application for their state of residence, complete the form, and mail it to their home state’s reciprocity office.

**Seamless Enrollment**
Credits enrolled at other Minnesota State System schools are referred to as “Seamless Enrollment.” These credits count toward the student’s total credits for disbursement (provided the credits are applicable to degree requirements at MSUM). Remedial courses with content less than high school level do not qualify for financial aid. No additional paperwork is needed. MSUM awards and disburses the student’s financial aid. At disbursement, financial aid is applied to the student’s bill at MSUM and any remaining funds are disbursed to the student. It is the student’s responsibility to pay the other Minnesota State System school’s tuition and fees owed; any remaining funds disbursed by MSUM may be used to pay charges at the other Minnesota State school(s). However, if there are no remaining funds disbursed to the student, it is the student’s responsibility to make payment arrangements with the other Minnesota State System school(s).

**Enrollment in courses offered at other schools**
MSUM (“home” school) may agree to a consortium with another Federal aid eligible institution (“host” school). Financial aid is available for attendance at an accredited school through an approved consortium or contractual agreement. Credits are registered at MSUM as “exchange” and allow the student to receive most forms of financial aid for those courses. The student is responsible for paying all costs at the “host” school. An accurate and complete Consortium Agreement must be submitted to the Office of Scholarship and Financial Aid a minimum of one month prior to the semester start date. Students are responsible for obtaining a transcript with final grades and credits to validate disbursements.

**Study Abroad**
To be eligible to receive financial aid, a student must be enrolled in an approved program of study. Many travel and study programs, domestic and abroad, qualify for financial aid. The program must either be an MSUM program (i.e., Eurospring, Portsmouth) or a study program formed through affiliation with another school or study abroad organization such as KEI, ISA, USAC or SOL. A consortium agreement may be required.

Financial aid (with the exception of work-study) is available for students who are on study abroad programs. Check with the Study Abroad Office and the OSFA for details about budget adjustments and delivery of financial aid. Direct deposit is strongly encouraged for receipt of financial aid.

Financial aid is awarded for a budget including tuition and fees, room and board, travel, books and personal expenses. Additional costs associated with off-campus study may be funded with student loans.
Students are required to document their term start date and registration prior to financial aid disbursement. No funds will be released until the date and number of registered credits is documented each semester.

**National Student Exchange (NSE)**

MSUM participates in the National Student Exchange (NSE) which allows students to study at other participating schools for one or two semesters. Many offer the choice of paying MSUM tuition and receiving financial aid at MSUM (plan B) or paying the host school’s tuition and applying/receiving financial aid there (plan A). Application details are available from the NSE Coordinator in International Student Services, Comstock Memorial Union.

Financial aid (with the exception of work-study) is available for students who are on NSE programs. Check with the NSE Coordinator and the OSFA for details about budget adjustments and delivery of financial aid. Direct deposit is strongly encouraged for receipt of financial aid.

Financial aid is awarded for a budget including tuition and fees, room and board, travel, books and personal expenses. Additional costs associated with off-campus study may be funded with student loans.

**Financial Aid Awards**

**Your Financial Aid Package**

Financial aid is offered to help pay educational expenses. Once financial need is calculated, the Office of Scholarship and Financial Aid attempts to meet that need with funds from available financial aid programs. MSUM reviews grant eligibility first, Federal or State Work-Study eligibility second, and then loan eligibility. The MSUM Office of Scholarship and Financial Aid goal is for a student to receive all “gift” money first to minimize burdens of loan and work. Therefore, an award package may require adjustment when additional resources or scholarship dollars are received.

**Grants**

Students are first considered for Federal Pell Grant and Minnesota State Grant, then outside or University scholarships. The total of these grants or scholarships are subtracted from financial need. If there is remaining need, an offer may include FSEOG, or Federal or State Work-Study.

FSEOG requirements specify that FSEOG awards first go to students with the lowest expected family contribution (EFC), and who meet the University’s publicized priority date. Priority is given to Federal Pell Grant recipients. FSEOG is not awarded to students who have received a bachelor’s degree (those enrolled in second undergraduate degree or teaching certification programs) or graduate programs.

The FSEOG award may be prorated if the number of enrolled credits is less than full-time (12 credits per semester).

**Federal or State Work-Study**

After all grant and scholarship eligibility has been awarded, eligibility for Federal or State Work-Study is reviewed. Priority for work goes to needy students who meet the publicized priority date and returning students whose employment is requested by a department. Awards are based on remaining financial need after grant eligibility has been determined, the maximum award limit, and remaining funds. As of January 1, 2019, minimum wage rate is $9.86 per hour. Students may not have a work-study award for enrollment of less than six credits.

**Loans**

After grants and college or state work-study are considered, eligibility for student loans is determined.

**William D. Ford Federal Direct Loans**

Eligibility is determined after all grants, scholarships, SEOG and work-study financial aid is awarded. Online loan acceptance must be completed before a Direct Loan is processed.

**Parent Loan for Undergraduate Students (PLUS)**
Used to assist with the contribution expected from the student and parents.

**Graduate PLUS Loans**
Used to assist with costs associated with graduate school.

**Private Educational Loans**
Loans offered by states (Minnesota: SELF; North Dakota: DEAL) or private lenders. They are interest bearing from the point of disbursement and rates are often variable. Private loans can fill the gap where other forms of financial aid are insufficient to meet the student’s financial requirements.

It is recommended a student borrow from a Federal Loan program before a private educational loan since interest rates and repayment options are often more favorable. However, if choosing to borrow a private educational loan, students should borrow from a single private loan program if other sources of financial aid are not sufficient to meet school costs. The amount borrowed in private loans plus any other financial aid cannot exceed the cost of attending MSUM. Private Educational Loans are not processed by MSUM from the on-line eServices “Loan” site. The student must go online to apply from the Lender’s site or submit a paper application to the lender.

**Award Notification and Acceptance**
The Official Financial Aid Award Notice is posted to the secure MSUM eServices website and accessed with the student’s STAR ID and password. An e-mail is sent to the student’s @mnstate.edu email address when the award notice is ready.

A federally required Shopping Sheet is available in eServices. The Shopping Sheet is intended to compare costs and other school profile data and is not an official offer of financial aid.

The Financial Aid Award Notice lists expected types of aid. Any adjustments or inaccuracies in this information should be reported to the Office of Scholarship and Financial Aid. To borrow the Federal Direct Loan, accept the loan(s) online at eServices. **No Federal Direct Loan will be processed without acceptance. Loans not accepted by the student and certified by MSUM prior to the student’s last day of enrollment (6 credit minimum) are forfeited.**

One Direct Loan Master Promissory Note is completed and is valid for up to 10 years. The electronic version (eMPN) is completed online at studentloans.gov using the FSA ID. A paper MPN may be requested by those unable to use the electronic process.

An initially declined Federal Direct Loan may be reinstated by contacting the Office of Scholarship and Financial Aid. Loans cannot be processed after the end of an academic year (semester or summer) for prior attendance.

Private Educational Loans are NOT processed by MSUM from the Financial Aid Award Notice. Students must complete the Lender’s application or do the application on-line from the Lender’s website.

**Revisions & Overawards**
Federal and state regulations prohibit receiving financial assistance that exceeds the cost of attending MSUM. If you receive additional assistance after your award is processed, a portion of your award may be reduced or cancelled. Examples of additional assistance that can affect your aid package: tuition/housing waivers, some military benefits, Resident Assistant benefits, National Guard benefits, scholarships, DVR, and JTPA. If an overaward occurs, your award will be revised and you will be notified of any changes. In some overaward cases, you may need to repay money you received. For this reason, it is important that you keep a copy of the original award notice and notify MSUM immediately if other funding is made available.
**Part-Time & Full-Time Enrollment & Prorated Awards**

One of the most common questions asked is “how many credits do I need to get financial aid?” The answer is “it depends.” Financial aid does not require a student to be full-time (12 or more credits). While most programs prorate at specific credit levels, some are credit by credit. Proration may also reduce eligibility to zero.

Federal Pell Grant and Federal SEOG prorate when enrollment is less than 12 credits. Payments are 75% of the award for 9-11 credits, 50% for 6-8 credits and 25% for 1-5 credits. Semester Pell Grant payments are set based on enrolled credits at the 22nd calendar day of each semester. Subsequent enrollment changes may reduce Pell Grant awards.

For Minnesota Grant, the award is calculated on banded tuition with payments at the actual credit count (capped at 15 credits). Three credits per semester is the minimum for eligibility.

Changes in registered credits may alter your Federal Direct loan eligibility and reduce other aid awards. Student loan eligibility is eliminated if not enrolled half-time or more each semester. In addition, actual credit enrollment may result in adjustment of budgets and eligibility for loans accepted and processed after the drop/add period each semester.

Financial aid payments are based on enrollment at the time payment is made or the date funds are released. If your financial aid arrives late and your enrollment has decreased, payments are made on actual enrollment at the time of payment. Pell payments are made based on enrollment at the 22nd calendar day (September 16, 2019 and February 3, 2020). Withdrawing from classes after the free drop/add period affects student’s satisfactory academic progress by reducing the percentage of credits completed for that term.

**Remedial (Developmental) Courses**

If course content is below high school level, the course does NOT qualify for financial aid.

**Audits**

Classes taken for audit are not eligible for financial aid. If a class is switched to “audit” after aid is received, a repayment may be owed.

**Charging Books and Supplies**

Books and required supplies purchased through the MSUM Bookstore may be charged to your MSUM bill. Students may charge up to $400 for summer term and $600 for fall and spring terms to their student account. Students charging to their account allow MSUM to credit Title IV (federal) financial aid funds, including the Pell Grant, toward Bookstore and Miscellaneous charges.

**Financial Aid Disbursement and Payments**

**Receiving Financial Aid and Paying the Bill**

Scheduled payments are after the drop/add period. All students are required to process their bills during this time.

Financial aid is disbursed (approximately one-half each semester) after the five day drop/add period but no more than 10 days prior to the start of your earliest course. Aid (such as Federal Pell Grant, Minnesota State Grant, FSEOG, TEACH, most loans and scholarships) is applied directly to the bill for tuition, fees, and residence hall room and board charges, and bookstore charges.

Financial aid for the upcoming semester is NOT disbursed during breaks or prior to the start of the term, but will be available on or after the semester disbursement date.

Once the bill is paid, any remaining aid is issued to the student as an overage disbursement. If aid is applied to the bill and money is still owed to MSUM, the student must be prepared to pay that amount with a personal check, credit card or other funds.
If bills are not paid by the due date, late fees are assessed and the student is unable to register for subsequent semesters. Students are responsible to pay for ALL classes on record at the end of the drop/add period. If a student is preregistered and decides not to attend, cancel enrollment (drop on-line) to avoid charges.

All students must fulfill loan counseling requirements before loans are disbursed.

All students must process bills with Business Services. If aid is not available at scheduled payment times, make arrangements with Business Services for payment.

Students without a FAFSA submitted for the year and/or financial aid processed prior to the start of each semester are subject to class cancellation, unless a $300 tuition payment has been made or a payment plan established with Nelnet Business Solutions.

Payment Problems
Aid is withheld if:
• the Office of Scholarship and Financial Aid requested information and it was not submitted;

• you have already received the maximum funding allowed by the financial aid program;

• you are in default on a student loan, or owe repayment on a Federal Pell Grant, FSEOG or Minnesota State Grant;

• you did not apply for a private loan by accessing your lender of choice website and submitting borrower and co-signer information (or loan was denied);

• you are on Financial Aid Suspension or Academic Suspension (see Satisfactory Academic Progress Policy);

• you are not enrolled for the minimum required credits on which your eligibility is determined (i.e., graduate credits for graduate students);

• you decide to audit a class after aid payments have been made. You may be billed for the financial aid received for the audited class;

• you are classified as a “special” student by Admissions. This means you are not enrolled as a degree-seeking student, and as such, you are not eligible for federal or state financial aid. You may receive aid from sources such as Indian Grants, Scholarships and Vocational Rehabilitation if approved by an agency or donor;

• you are eligible to receive a Federal Direct or SELF loan, but have not completed Entrance Loan Counseling, or a valid promissory note has not been signed and accepted by the servicing agency;

• immunization requirements have not been met. Students who fail to comply with immunization requirements have their enrollment cancelled and/or a hold placed on future registration. Enrollment cancellation affects financial aid eligibility;

• you have been convicted of a drug offense while receiving federal financial aid.

Appeals
An appeal form is available for students whose financial circumstances have changed. Details are available from the Office of Scholarship and Financial Aid (www.mnstate.edu/financial-aid/forms.aspx). Appeals require a brief statement explaining the special circumstances and supporting documentation.
All appeals are reviewed after verification is complete and students are notified of any changes in the financial aid package. No adjustments are made until all data is accurate and verified. **All appeals require supporting documentation.** Appeal conditions include:

1. **Loss of Income/Benefits (require documentation of expected income from all sources).**
   a) Student/Spouse/Parent has been terminated from or lost a job and estimated current year earnings are substantially less than previous year earnings. Documentation of income from all sources is required.
   b) Student/Spouse/Parent has lost benefits (unemployment compensation, child support, etc. - Agency documentation required.) Submit after school begins in the fall.
   c) Student/Spouse/Parent worked full time for the year reported on the FAFSA and now is working less than full time.
   d) Loss of income producing assets.

2. **Separation/Divorce of Student or Parent**
   This occurred after the Free Application for Federal Student Aid was filed. Provide a statement and documentation that explains your circumstances.

3. **Death/Disability of Parent/Spouse**
   This occurred after the Free Application for Federal Student Aid was filed. Provide a copy of the death certificate or documentation for any benefits/settlement to be received as a result of the disability.

4. **Foreclosure/Bankruptcy/Liquidation**
   Submit statements from creditors and lawyer or accountant who can attest to the voluntary/involuntary forfeiture of land, machinery, and/or other property. Please make reference in the statement to the specific line on the tax return (e.g., Line 13, capital gain) which is affected by the foreclosure/bankruptcy/liquidation.

5. **Unusually high medical/dental expenses paid out of pocket (limits apply) or tuition expenses for children attending a private elementary or secondary school.**

6. **One-time computer purchase for educational purposes (limited to increased loan eligibility and not available for final semester of attendance).**

7. **Other Special Circumstances**
   Students with unusual circumstances (including flood or other natural disaster) should document those conditions and attach a narrative explanation. Supporting documentation will be requested as needed.

Appeal forms are available from the Office of Scholarship and Financial Aid and on the website at: [www.mnstate.edu/cost-aid/financial-aid/forms](http://www.mnstate.edu/cost-aid/financial-aid/forms) Appeals are reviewed as received. Appeals which include expected year income are not usually reviewed until fall and an update on income may be requested at that time. Appeal reviews are suspended during the first three weeks of fall semester. Aid payments for spring semester may be withheld until a tax form is filed for the year where estimated income is used as a basis for the appeal.

**Refunds and Repayments**

**Refund of Tuition/Fees Dues to Withdrawal**
MSUM will refund tuition and fees for **individually dropped courses** only if the drop occurs within the first five (5) business days of the semester.

If a student **totally withdraws** from the University, MSUM will refund a percentage of tuition and fees to the student and/or the student’s financial aid funding sources according to the following schedule as established by the Minnesota State System Board of Trustees and the University:

- **Fall and Spring Semesters**
- 1st through 5th business day of term 100%
- 6th through 10th business day of term 75%
- 11th through 15th business day of term 50%
- 16th through 20th business day of term 25%
- After the 20th business day of term 0%

- **Summer Sessions and other terms at least 15 days**
  - 1st through 5th business day of term 100%
  - 6th through 10th business day of term 50%
  - After the 10th business day of term 0%

- **Summer Sessions and other terms less than 15 days**
  - 1st business day of term 100%
  - 2nd and 3rd business day of term 50%
  - After 3rd business day of term 0%

Students who withdraw from all courses or discontinue enrollment should review information available at the [Academic Support Center](#).

**Return to Title IV (R2T4) and Minnesota State Financial Aid**

Procedures for refunding institutional charges for students receiving Title IV and Minnesota State financial aid are established by the Minnesota State System Board, MN Office of Higher Education, Federal statutory refund policy and the University.

Institutional charge refunds for students who received Federal or State aid are determined under Federal and Minnesota financial aid refund calculations and will first be repaid, up to the initial award amount received, to those sources in the order directed by the Department of Education and Office of Higher Education. Any eligible refund dollars will be disbursed to the student (except refunds less than $1). Students who have received ‘unearned’ Federal Title IV aid funding for the term will repay Title IV funds in this order: Unsubsidized Direct Loan, Subsidized Direct Loan, Direct Graduate PLUS, Direct Parent PLUS, Pell Grant, SEOG Grant, TEACH Grant, and Iraq/Afghanistan Service Grant.

Federal regulations require repayment of 'unearned' aid for students withdrawing or who discontinue attending class any time prior to the 60th percentile of the term.

  - The calculation used to determine how much aid a student has 'earned' and need not repay is: calendar days attended divided by total calendar days in the term equals percentage earned. The amount to be repaid is the remaining percentage or 'unearned' percentage. Example: If the student withdraws after attending 28 calendar days out of 112 days (25%), 75% of the Federal aid received must be repaid. The 75% is considered unused or “unearned.”
  - No funds are disbursed after a total withdrawal except: Grant funds that were awarded prior to withdrawal; Federal loans that were originated prior to withdrawal and for which promissory notes have been signed prior to completion of the R2T4 calculation.
  - The withdrawal date will be the date the University is notified of withdrawal (official) or either the last reported date of academic activity or the midpoint of the enrollment period (unofficial).
  - Return of federal funds will be completed no more than 45 days after determination of withdrawal.
  - Federal aid is first used to pay University charges.
  - The student will be required to pay the 'unearned' aid funding not repaid by the University.
  - Failure to repay will place a hold on official transcripts, diplomas, and future registration.

**Exceptions:** Private loan dollars are excluded from immediate student repayment on the assumption the student will follow loan repayment according to the terms of the promissory note(s). Further, student repayment of grant funds will be reduced by 50%, after the ‘unearned’ calculation is determined and after the University’s repayment amount is subtracted.
Students who received Minnesota State aid funding for the term (Minnesota State Grant, Minnesota Post-Secondary Child Care Grant, GI Bill Program, and Minnesota Indian Scholarship Program):

If the calculation made per the Office of Higher Education Refund Calculation Worksheet results in a refund of institutional charges and, after the institution’s share of any required refund to Title IV programs has been made, a proportional share of any remaining refund must be returned to state financial aid programs (not to exceed the amount of the payment the student initially received from a Minnesota State aid program).

Regulations stipulate the student’s repayment choices:
- Repay to the University the ‘unearned’ aid amount in full within 45 days of the schools’ notification of a repayment requirement.
- Make Title IV financial aid program repayment arrangements with the Department of Education via the National Student Loan Data System (NSLDS, 800-621-3115).

Students who wish to appeal refund policies and/or percentages used for determining the refund amounts may file a "Tuition Refund Appeal." No refunds will be granted for less than $1.00.

Resident Hall Refunds are based on the number of days remaining in the term. A $50.00 administrative charge will be deducted from the Housing refund. Contact the Housing and Residential Life office at 218-477-2118 or housing@mnstate.edu.

If you are withdrawing for military reasons, please see the University Military Withdrawal Policy. Contact the Registrar’s Office at 218-477-2565 or registrar@mnstate.edu.

Refundable Drops
In the event a student has received financial aid and subsequently receives a refundable drop (drops a class and receives a refund) aid adjustments are made if enrollment status changes. Students may be required to repay financial aid previously received.

Last Day of Attendance
Financial aid recipients who unofficially withdraw and receive all F’s, FN’s, I’s, NC or W’s have their aid eligibility reviewed and earned financial aid recalculated. Aid eligibility is based on the last day that class attendance or activity can be documented. Unearned financial aid is returned to the appropriate financial aid program. Students affected may document course activity and if the last date is beyond 60% of the scheduled attendance, no refund is due. Failure to document activity results in holds on future aid disbursements.

Financial Aid after Receiving a Bachelor’s Degree
Students are not eligible for financial aid after receiving a bachelor’s degree unless admitted as a graduate student. A few exceptions exist with limited financial aid eligibility: approved graduate or undergraduate licenses; students who return to school for a second bachelor’s degree different from one previously earned; prerequisite courses for admission to a graduate program; teacher licensure; or some certificate programs have limited eligibility for financial aid. Students must identify their courses and program of study using the Degree Certification form. Funding is available through Federal or State Work-Study, Federal Direct, Federal PLUS, SELF, or private loan programs. Requirements in those programs may limit eligibility. Students earning additional majors or minors are only eligible for SELF or other private loans.

Graduate Student Aid
Students who continue their education beyond the first undergraduate degree assume more financial responsibility than is expected of undergraduates. Financial aid for MSUM graduate students is usually through the Federal or State Work-Study or loans.
Graduate students must be admitted to an eligible graduate program to be considered for graduate level funding. Awards are based on full time enrollment in graduate level courses. **Full time for graduate students is 8 credits; half time is 6 credits.**

**Tuition Rates for Graduate Students:**
Graduate tuition and fee information is available at [www.mnstate.edu/business-services](http://www.mnstate.edu/business-services). Financial aid budgets are based on 24 credits per year (12 per semester).

**Graduate student awards may include funding in the following programs:**

**Note:** Eligibility is based on graduate credit enrollment. Undergraduate courses are not included for financial aid purposes if enrolled simultaneously.

**Graduate Assistantships**
Graduate students may earn more than undergraduates and may be paid on a higher wage scale. If funding sources come through Federal or State work-study funding, then financial need and eligibility will be determined by the OSFA. Six or more graduate credits are required. Some assistantships are funded by the department in which the student is working and are not funded through the Graduate Studies Office.

**The Federal Direct Loan Program**
A low interest loan program of Unsubsidized loan only. To be eligible, you must be enrolled for 6 or more graduate credits per term and be admitted to a graduate degree program.

Graduate students may borrow up to $20,500 unsubsidized loan per year (limited to cost of attendance); cumulative borrowing limit is $138,500 (including undergraduate borrowing). Financial aid cannot exceed the cost of attendance at MSUM.

**Grad PLUS Loan**
A federal loan available to a graduate or professional student enrolled for six or more graduate credits in a program leading to a graduate or professional degree or certificate. Student borrower must not have an adverse credit history; and must meet the general eligibility requirements for federal student aid. Financial aid cannot exceed the cost of attendance at MSUM.

**SELF Loan**
Maximum loan amount per year for students enrolled in a graduate degree program is set by the SELF agency. Six or more graduate credits are required. Students are limited to the lesser of the loan program maximum or MSUM budget.

**Private Educational Loans**
Available from state sources and banks, private loans are available to eligible graduate students, not to exceed the cost of attendance. Students taking graduate classes but not admitted to a degree program may also apply for a private loan.

**Private Fellowships**
Funds may be available through private agencies. See the department in which you are studying for information.

All graduate students must maintain Satisfactory Academic Progress in order to receive financial aid assistance. Students who are repaying a student loan should check with their lender(s) regarding “in-school” deferment of loan payments.
POLICY STANDARDS FOR FINANCIAL AID
SATISFACTORY ACADEMIC PROGRESS

Federal and state regulations require all students make satisfactory academic progress toward completion of degree, certificate or licensure requirements to receive student financial aid. All terms of attempted enrollment are considered in determining satisfactory academic progress regardless of whether aid was awarded for the term.

Failure to meet satisfactory academic progress standards results in ineligibility for state and federal aid programs (including all grants, loans, campus work-study, Vocational Rehabilitation, Minnesota Post-Secondary Child Care Grant, Indian Scholarships, and University Scholarships).

Quantitative Standard (Pace): Completion Percentage

Financial aid standards require students to satisfactorily complete a minimum of 67% of their total cumulative attempted MSUM credits with a minimum grade of "D" (or "P" or "S" if enrolled on a pass/fail or satisfactory/unsatisfactory basis). Transfer credits accepted and applied to the student's program requirements count as credits attempted and completed for calculation of cumulative completion percentage.

Quantitative Standard: Maximum Credits Attempted

Credits attempted to complete a degree and receive financial aid cannot exceed 150% of the credits required to complete the degree program.

Undergraduate students become ineligible to receive financial aid funding after they have attempted 180 total semester credits at MSUM, including any transfer credits accepted and applied toward the student's general education, program or degree requirements. Grades of Failed (F), Failure for Non-Attendance (FN), Unsatisfactory (U), Incomplete (I), No Credit (NC), In Progress (IP), Withdrawn (W) and blank (Z) for courses taken at MSUM count as credits attempted but not completed.

Students who are enrolled in an undergraduate program and seeking a second bachelor's degree are limited to 60 attempted semester credits in an approved degree plan.

Graduate students are limited to 52 attempted semester credits unless the graduate program’s published length is longer.

Students seeking a specialist degree are limited to 53 attempted semester credits beyond their first graduate degree. Students who have completed only a bachelor's degree are limited to 105 attempted graduate semester credits if seeking a specialist degree.

Qualitative Standard: Grade Point Average

Undergraduate: Attempted credits include all courses on student records after the fifth class day, including withdrawals, incompletes, repeats, non-credit and remedial courses. Undergraduate students are required to achieve the following cumulative grade point average at the points indicated:

0 - 29 attempted credits: 1.8
30 – 59 attempted credits: 1.9
60 or more attempted credits: 2.0
Graduate: Beginning with the first attempted credit, graduate students must maintain a minimum 3.0 GPA.

Evaluation Period:

Monitoring satisfactory academic progress begins with the first credit attempted and is done at the end of every semester (fall, spring and summer).

Failure to Meet Standards:

Quantitative: Completion Percentage

If at the end of a semester a student fails to meet MSUM Satisfactory Academic Progress completion percentage standards, MSUM will allow that student to retain his or her financial aid eligibility under a warning status for one semester.

If at the end of the warning semester a student meets MSUM’s cumulative quantitative standards, MSUM will end the student's warning status.

If at the end of the warning semester a student fails to meet MSUM's cumulative quantitative standards, the student will be placed on financial aid suspension.

Quantitative: Maximum Credits Attempted

Financial aid eligibility is limited to 150% of the credits required to complete the student’s academic program. If at the end of a semester, a student exceeds the maximum credits attempted standard, the student is suspended from financial aid eligibility.

Programs that require longer than the maximum credits attempted limits must have individual approval from the Office of Scholarship and Financial Aid through an appeal process. Students must submit for review a signed statement explaining why the program has not been completed within the allowable maximum time frame; an academic plan approved and signed by their advisor indicating the semesters remaining for degree completion; a course plan for each remaining semester; and projected graduation date. Appeals for credits in excess of 150% solely to improve GPA are not approved unless the course is part of an approved academic plan. Submission of an appeal does not indicate automatic approval of the academic plan. Each appeal is reviewed on a case-by-case basis.

Qualitative:

Students who are in good standing at the beginning of the term but fall below the minimum cumulative GPA at the end of the term will be placed on warning for one term.

Students on warning at the beginning of a term who do not meet the minimum cumulative GPA at the end of the term will be suspended.

Students may immediately be suspended from financial aid eligibility in the event of extraordinary circumstances where it becomes readily apparent that a student has not maintained satisfactory academic progress.

Suspension for Not Maintaining Qualitative Standards:

Students who are suspended the first time for insufficient GPA may not return to MSUM for one semester (not including summer term). Second and subsequent suspensions last one calendar year.
Other Factors:

If at the end of a semester a student fails to meet MSUM’s completion percentage standards (quantitative) and/or cumulative GPA standards (qualitative) the student will be placed on warning for one semester. If at the end of a warning period a student does not meet MSUM’s completion percentage and/or cumulative GPA standards, the student will be placed on suspension from class enrollment and financial aid eligibility.

If MSUM determines it is not possible for the student to raise his or her GPA or course completion percentage to meet MSUM’s cumulative standards before the student reaches 150% of the program length for which he or she is receiving financial aid, MSUM will suspend the student from financial aid eligibility immediately upon completion of the evaluation.

It is possible for students to be placed on financial aid suspension for failure to meet more than one type of Satisfactory Academic Progress standard.

Students who have not received financial aid in the past are immediately subject to standards when they apply for financial aid.

Notification:

Students who fail to meet the minimum standards will be notified via MSUM email when they are placed on warning or suspension.

Appeals:

Quantitative financial aid suspension (completion percentage or maximum credits attempted) may be appealed to the Office of Scholarship and Financial Aid. Appeal decisions are based on extraordinary or mitigating circumstances (including but not limited to major illness, death in the family, serious accident, etc.), or the successful completion of additional coursework. The appeal must state why the student failed to make satisfactory academic progress and what has changed in the student’s situation that would allow the student to demonstrate satisfactory academic progress at the end of the semester. Each case is reviewed individually. The Office of Scholarship and Financial Aid informs the student in writing within seven business days of its decision, provided adequate documentation was submitted by the student.

If the appeal is approved, financial aid eligibility is reinstated on a probationary status with an academic plan for one term. Written notification will include the standards the student is expected to meet.

Progress is evaluated at the end of the next term of attendance. If at the end of a probationary term the student meets MSUM’s probationary term academic plan requirements (minimum 2.01 GPA and 100% completion of credits attempted that semester, or other student specific requirements for the academic plan) but has not met MSUM’s cumulative quantitative standards, MSUM will permit the student to retain financial aid eligibility as long as the student continues to meet the academic plan requirements. The student’s academic progress is monitored each term.

If a student fails to meet MSUM’s cumulative quantitative standards or the academic plan requirements, MSUM will suspend the student from financial aid eligibility.

If an appeal is denied, written notification will state the reason(s) for the denial and the process for appealing the denial.

If a student is not satisfied with the reason for denial of the appeal, subsequent appeals are submitted to the University Financial Aid & Suspension Appeals Committee.
Qualitative suspension (insufficient grade point average) is appealed directly to the University Financial Aid and Suspension Appeals Committee. Students who are readmitted after academic suspension will be placed on academic probation and may also need to submit an appeal for financial aid reinstatement consideration.

Students who are subject to quantitative suspension may appeal their status directly to the University Financial Aid and Suspension Appeals Committee.

**Probation:**

If a student’s academic suspension appeal is granted, they will be on probation for their next term of attendance and placed on an academic plan.

At the end of the probation term students who have met the minimum semester standards or terms of the academic plan will be allowed to enroll and be eligible for financial aid the next term.

**Re-establishing Eligibility after Financial Aid Suspension:**

Students whose financial aid eligibility has been suspended may regain eligibility only through MSUM’s appeal process or when they meet the institution’s satisfactory academic progress quantitative standards. If Incomplete (I) credits are a factor in failure to maintain satisfactory progress, subsequent successful completion of these credits may be used to re-establish eligibility for financial aid. Paying for classes out of pocket or sitting out a period of time in and of itself is not sufficient to re-establish a student’s financial aid eligibility.

**Common Terms**

**Academic Forgiveness:**
Credits for courses previously taken, for which academic forgiveness is granted, count in calculating percentage completion and maximum credits attempted for financial aid satisfactory academic progress.

**Academic Plan:**
A student who successfully appeals for reinstatement of financial aid eligibility is placed on probation and may be required to complete specific requirements contained in an academic plan developed for that student by the university.

**Academic Year:**
The period from August to May (Fall and Spring Semesters). Summer is a semester trailing the academic year.

**Audit Courses:**
Courses taken for audit are not funded by financial aid, are not used in calculating Satisfactory Academic Progress and do not count as credits attempted or earned for purposes of financial aid.

**Calendar Year:**
The period from January through December.

**Consortium Agreements, Tri-College, Credits Enrolled At Other Minnesota State System Schools, Study Abroad, ISEP, NSE and other travel programs:**
Credits attempted and earned while participating in these programs are included in calculating satisfactory academic progress.

**Evaluation Period:**
Satisfactory Academic Progress is measured at the end of each term.
Financial Aid Suspension:
A student on financial aid suspension is not eligible to receive financial aid.

Maximum Time Frame:
The maximum number of cumulative attempted credits within which a student must complete his or her academic program.

Probation Status:
A student successfully appealed a financial aid suspension and regains his or her financial aid eligibility for one evaluation period (one semester). At the conclusion of the semester he or she must meet the university's cumulative GPA (see Qualitative Standards) and Completion Percentage standards (67% cumulative completion); or have successfully completed the probationary term requirements set by the university (2.01 semester GPA and 100% semester course completion); or met the first term requirements of their individual academic plan.

Qualitative Measure:
The Grade Point Average (GPA) a student must maintain in order to retain financial aid eligibility.

Quantitative Measure:
The "pace" at which a student must progress through his or her program in order to retain financial aid eligibility.

Remedial/Developmental Credits:
Identifies credits attempted for courses numbered less than 100. By Minnesota State System policy, up to 30 remedial credits are excluded in calculating maximum credits attempted but included in grade point average and completion percentage calculations.

Repeated Courses:
Students who repeat a course may receive financial assistance more than once for enrollment in the same course. MSUM's academic policy states when a course is repeated, each enrollment is included in calculating the percentage of successfully completed credits, and the total number of attempted credits is used to determine length of eligibility. For example, a student enrolls in a three-credit course, fails it and the following semester re-enrolls in the same course and earns a C. That student would have enrolled in six credits but successfully completed only three credits. Repeating a course more than once results in removal of only one previous grade for the same course from the GPA calculation. Once a student receives a passing grade, the course may not be retaken again for a higher grade unless the student's program of study requires a specific minimum grade. A student cannot receive financial aid for more than one repetition of a previously passed course.

Required Completion Percentage:
The percentage of cumulative attempted credits that a student must successfully complete in order to retain financial aid eligibility.

Transfer Credits:
Transfer credits accepted by and applied by MSUM toward a student's general education, program or degree requirements apply toward the percent completion and maximum credits attempted calculations. Grades associated with these credits are not used in calculating MSUM's cumulative GPA.

Treatment of Grades:
Credits attempted: the number of credit hours for which a student is officially enrolled at the end of the free drop/add period each semester. Credits with grades of F, FN, I, W, IP, NC and Z count as credits attempted.

Credits earned: grades designated as A, B, C, D (including pluses and minuses), or P and S. Credits with grades of F, FN, I, W, IP, NC and Z do not count as credits earned.
Percentage completion is calculated by dividing the number of earned credits by the number of attempted credits:
Earned credits ÷ Attempted credits = percentage completion

GPA calculation: includes grades of A, B, C, D, F, FN, and pluses and minuses associated with a letter grade.

Warning Status:
A status under which a student shall continue to retain her or his financial aid eligibility for one evaluation period despite a determination that she or he has not met an institution's grade point average standard, completion percentage standard or both.

Withdrawals:
If a student withdraws from MSUM before eligible financial aid awards are disbursed, the student may be eligible for a post-withdrawal disbursement of financial aid earned; or may forfeit financial aid, as defined by Federal and State program regulations. If a student withdraws from all enrolled courses for any reason during the semester after financial aid has been disbursed, the University refund policy will be followed.

General Information on Aid
Communication
Your MSUM email is the official means of communication and must be checked regularly. MSUM will send timely reminders and information to this email. In addition, a text message may be sent to your personal cell phone number on record unless an opt out request is submitted in writing to the Office of Scholarship and Financial Aid.

Loan Counseling Requirements
Regulations require Entrance Loan Counseling for all borrowers who receive Federal Direct or SELF student loans. Loan counseling must be documented before the first MSUM loan is disbursed. Transfer students are encouraged to complete a new entrance counseling session for MSUM. Before graduating (or leaving school for any reason), students are strongly encouraged to complete Exit Loan Counseling.

Borrowers of Federal Direct Loans must meet specific exit counseling requirements and provide:
- Expected permanent address
- Name and address of next of kin
- Expected employers, if known
- Any known changes of address, name, Social Security number or references listed on their loan applications
- Driver’s License number

Information obtained during Exit Loan Counseling may be forwarded to the appropriate agency.

Entrance and Exit Loan Counseling for Federal Direct Loans can be completed online at studentloans.gov. An FSA ID is required to complete either loan counseling. Note: Financial Awareness Counseling is encouraged, but does not fulfill loan counseling requirements.

While in school, the following steps will provide a complete record of educational loan debts:
- Make a file for educational loans – keep all documents in one place for future reference. Keep copies of loan applications, promissory notes, disclosure statements and all correspondence to and from that lender.
- Create your online access as soon as you are notified which servicer is assigned to your loans.
- Keep a cumulative record of loans so that any time during college enrollment, the total amount borrowed from all sources is known.
- Keep your loan disclosure statements.
- Compare your records with cumulative MSUM borrowing information sent upon graduation or withdrawal.
- Inform each lender in writing of all changes in name, permanent address, enrollment status, and/or schools.
• Confirm all telephone conversations by letter. Follow-up telephone conversations with a letter or email.
• Always contact the lender or servicer if you are unable to make payments. Ask for a deferment (temporary postponement) or ask questions regarding the loan.

Information regarding loan repayment, deferments and forbearance can be obtained from the OSFA, student loan lenders, Direct Loan servicers, or from loan guaranty agencies. In the event loan payments are delayed, always contact the lender prior to the payment due date.

Exit Counseling for Federal Perkins
If you have borrowed a Federal Perkins loan, complete a separate Federal Perkins exit counseling at heartlandecsi.com.

Additional Loan Information
Student loan proceeds are disbursed each term. When the loan is approved, it is divided into disbursements for each semester in the loan period. Funds will apply to your student account during the second week of class. Remaining refund balances will be distributed to the borrower. Disbursement schedules may be altered if your aid application is submitted later in the term or if attendance is only for a portion of the year.

Borrow only money that is needed. When determining how much to borrow, think about how much payments will be when leaving school. Use a loan repayment calculator to estimate expected monthly payments (www.finaid.org/calculators/loanpayments.phtml). Remember, borrowing from more than one lender will create multiple repayment obligations.

Use Your Money Wisely
MSUM makes available a variety of information modules to help you manage your money. Please access at https://www.cashcourse.org/

Developing a spending plan and following a budget will allow you to have money to cover school costs for the entire year. Use the planning sheet as a guide to create a school budget (page 39) and estimate your expenses. Tuition and fee bills are usually paid on a semester basis and financial aid payments are received on a semester basis. Keep a record of actual expenses by category and the exact amount spent.

Budget Tips
1. Share rent with roommates.
2. Choose lower cost accommodations.
3. Plan your meals if you are not on the meal plan. Do not shop when you are hungry. Use coupons and avoid buying convenience foods.
4. Buy used books or rent textbooks when available. Share or exchange books with classmates. Utilize the used book service or buy back at the Bookstore.
5. Avoid credit cards, except in emergency.
6. Establish a set amount of pocket money to spend per week or per month.
7. Make use of low cost entertainment such as those that are offered on campus.
8. Ride the MAT bus – free transportation in the F-M area.

Payroll
Students working on campus are paid every two weeks and must file bi-weekly time sheets to receive paychecks.

Reporting Student Aid as Income
The 1986 tax law requires that students pay taxes on grant and scholarship aid that is not directly used to pay tuition, fees, books and supply costs. Save all financial aid receipts and document all school costs. Check with the IRS for details. Business Services makes form 1098-T available each January. This form lists allowable tuition and fee charges and grant/scholarship assistance the student received the previous calendar year.

Education Tax Credits
Tax credits are available based on net tuition and fees paid. See your accountant or tax advisor for assistance.

Funding Limits
Many financial aid programs limit the number of terms that students are eligible to receive funding. Minnesota State Grant limits students to 4 years of full time attendance at a post-secondary institution. Pell Grant is limited to 12 full time semesters (or equivalent). Indian funding, Vocational Rehabilitation funding, and scholarships may have limitations established by the funding agency. MSUM’s Satisfactory Progress requirements apply to all students receiving funding (page 24). The interest subsidy on Federal Direct Subsidized Loans is revoked if students do not complete their program in a timely manner (within 6 years for a 4-year degree).
Summer Awarding Policy
Summer is considered a third term in the academic year and uses the same FAFSA and financial information that was used during the preceding year. All summer class registrations must be completed by the end of the drop/add period for each class. Undergraduate full-time enrollment for summer is 12 credits; graduate full-time enrollment is 8 graduate credits. Financial aid is disbursed starting in June based on all registered credits.

General Information
Summer Semester 2020 funding may be available in the following programs: Federal Pell Grant, Federal SEOG Grant, Minnesota State Grant, work-study, Federal Direct Loans, and private educational loans.

Federal Pell Grant: Eligibility for summer Pell Grant is limited to the unused remainder from the previous fall and spring semesters. Additional Pell may be awarded if the student is enrolled in more than 6 credits for summer semester. Initial Pell payments are based on registered credits as of June 12. Adding or withdrawing from courses after June 12 does not increase or decrease the Pell Grant payment (some exceptions apply). (Dates are subject to change.)

Minnesota Grant: A third payment is available for summer to students who are eligible. Award amounts at each credit level are displayed on the student’s award notice.

Work-Study: Awards for summer are limited. Supervisors may request work-study awards for student employees via email to the OSFA. Students must be registered for at least 6 credits during summer semester. Maximum work-study award for summer is $2,100.

Federal Direct Loan (and SELF Loan): Eligibility is determined by grade level and is limited to one annual maximum per year (Fall 2019, Spring 2020 AND Summer 2020). Budget and accept your Federal Direct Loan based on your full academic year enrollment plans.

Please see the MSUM Business Services website for specific dates of summer disbursement and payments.

Eligibility Requirements
- Summer financial aid cost of attendance and awarding is based on the number of credits and length of enrollment. Cost of attendance and award amounts are adjusted prior to disbursement to actual credits enrolled.
- Enrolled in a degree seeking program.
- Registered for 6 or more credits to be awarded work-study or Federal Direct Loans (graduate students must be enrolled in 6 or more graduate credits).
- Maintain satisfactory academic progress to be eligible for most summer aid. Students not maintaining satisfactory academic progress at the end of Spring Semester 2020 are subject to financial aid suspension for summer term. Notification of suspension may occur after the start of the first summer classes. Students on financial aid warning or probation spring semester will have financial aid eligibility for summer determined after spring grades are posted. Award notices will be available once eligibility is established.
- Students graduating Spring 2020 are ineligible for summer federal financial aid unless admitted for summer as a graduate student (enrolled in at least 6 graduate credits) or a second degree/license student with a program of study approved by the OSFA.

Application Procedures (Dates are subject to change)
- A valid FAFSA for 2018-2019 received by the MSUM Office of Scholarship and Financial Aid (filing deadline is June 30, 2019). A duplicate Student Aid Report may be requested until mid-August, but FAFSA data must be received by MSUM prior to the last day of the student’s enrollment. Eligibility for financial aid may be forfeited due to late application.
Complete and submit the "2019 Summer Semester Financial Aid Application" form by April 20 for on-time processing.

Students eligible for MN Grant must submit the 2019-2020 FAFSA by June 11, 2020 for summer grant funding consideration (date subject to change).

**Reminders**

- Award notices will not be mailed. Watch for notification to your @mnstate email address directing you to MSUM eservices to view and accept any Direct Loans awarded to you. Loans will not be processed unless, prior to July 24, you accept your Direct Loan from the "loans" tab on eservices or apply for a private loan from a lender.
- Make sure your local address is current and @mnstate email address is active and correct.
- First time borrowers at MSUM: Complete Entrance Loan Counseling and an Electronic Master Promissory Note online at [www.studentloans.gov](http://www.studentloans.gov) before loan disbursement. Print the confirmation sheet and keep for your records.
- All summer registration MUST be completed before June 11. (Date subject to change.)
- Dropping class registration and receiving a tuition refund, withdrawing from a course, or not beginning attendance in one or more registered courses, may require repayment of financial aid funds.
- Sign up for direct deposit of financial aid overage funds. Directions are available on eservices. Contact Business Services for details on payment procedures.

**Release of Information, the Privacy Act and Use of Social Security Numbers**

You must provide your Social Security number (SSN) to apply for Federal Student Aid. The US Department of Education’s legal right under the Title IV programs is based on Sections 483 and 484 of the Higher Education Act of 1965, as amended. The Social Security number is used to record information about your college attendance and progress and to ensure that you receive your money appropriately.

Educational records are defined as those records directly related to students that are maintained by the university or by a person acting for the university. Under the "Family Educational Rights and Privacy Act of 1974," you have the right to control access to your non-directory educational data and to inspect your financial aid record. Information may be inspected and reviewed by you, and copies of such information will be provided to you upon request with a copying fee. The release of parent information must be accompanied by a written release from parents. Non-enrolled students must request information under MSUM’s FERPA Guidelines located at [www.mnstate.edu/records/ferpa](http://www.mnstate.edu/records/ferpa).

MSUM asks that you sign a Release of Student Information when applying for financial aid. By signing this release, you may suppress release of financial aid information or grant permission for selected persons (usually parents or spouse) to have access to financial aid information. Financial aid application, award and disbursement information will not be released to parents unless the student specifically authorizes release to one or more parent by listing parent(s) name(s). The Office of Scholarship & Financial Aid Office may exchange information within the University and with outside agencies that need information regarding your financial aid eligibility. The University may disclose student records to other schools where the student is or was enrolled, as the other school may request.

**Consumer Information**

**Loan Deferments for Community Service**

Students who have received student loans may qualify for a deferment of payment based on community service activities. Serving as a full time volunteer in the Peace Corps, ACTION or in a tax exempt organization (comparable to volunteer service in the Peace Corps or ACTION), or as an active duty member of the armed forces qualifies for loan deferment on Federal Direct and Federal Stafford loans. In each case, the deferment form must be certified by a commanding officer or an agency official, as appropriate.
Study Abroad
Financial aid is available for students who are in an approved study abroad program. This includes funding through Federal Pell Grant, campus based aid (other than work-study), as well as federal and private student loans. Enrollment and number of credits must be documented to MSUM prior to release of financial aid funds.

Employment of Citizens and Authorized Aliens
The Immigration Reform and Control Act of 1986 mandates all employers employ only U.S. citizens or nationals and lawfully authorized alien workers. To meet this federal requirement, MSUM requires identification and verification of all new employees, including student employees.

Identification documentation is a valid passport or a combination of current picture identification, license and birth certificate, or original Social Security card. The Student Payroll Office, Owens Hall 106, handles employment verification.

Accreditation
MSUM’s accrediting and licensing organizations are included in the Bulletin, which also lists all programs, majors, degrees and graduation requirements.

Drug Free Work Place
Policies regarding a drug free workplace, drug usage penalties and available counseling services are printed in the University Policy Handbook and distributed to all students and staff annually. MSUM has adopted and implemented a program to prevent the use of illicit drugs and the abuse of alcohol of students and employees. For further information, contact Hendrix Health Center at (218) 477-2211.

Drug Offense Conviction
Students convicted of possession or sale of illegal drugs for an offense that occurred when receiving Title IV aid, are ineligible for future financial aid. Eligibility is suspended for one or more years unless the violator completes an approved drug rehabilitation program, including random drug testing, and documentation is submitted to MSUM Office of Scholarship & Financial Aid.

Placement
Job placement information on MSUM graduates is available through Career Development Center in Flora Frick Hall.

Students Right to Know/Campus Security
Information required to be compiled and distributed under the Student Right to Know (campus security data, graduation data and athletic graduation data) legislation is released annually to all students, faculty, staff, and upon request, to prospective students. The MSUM Annual Security and Fire Safety Report may be viewed at https://www2.mnstate.edu/public-safety/campus-reports.aspx.

American’s with Disabilities Act
This office does not discriminate on the basis of disability, as mandated by Section 504 and the ADA. Publications distributed by this office are available in an alternate format upon request. For students with disabilities, contact the Director of Accessibility Resources, Flora Frick Hall, or call (218) 477-4318 for assistance and information.

MSUM Code of Conduct (See Appendix A)

Rights and Responsibilities
These are highlights of your rights and responsibilities as a financial aid recipient.

Rights
You have the right to:
• know that financial assistance is available including all federal, state and institutional aid programs and what policies and regulations govern these programs.
• apply for additional assistance when increased financial need can be demonstrated.
• access to your financial aid file. The information in that file and the amount of aid awarded is considered confidential, not to be released by the University or others except with your written authorization.
• request review of your aid eligibility at any time.
• expect to receive complete confidentiality regarding your financial aid and the use of the application data.
• information on the aid packaging procedures used by the University.
• accept all or any portion of your University aid award, but the reduction of one portion will not necessarily be a basis for an increase in another portion and may affect the type of aid you receive.
• know that financial aid is awarded by semester for a period of up to one academic year. You have the right to reapply for aid for the succeeding year. Aid awards may change to reflect changing financial need, eligibility, or satisfactory academic progress. The summer term requires a separate aid application.
• cancel all or any portion of a student loan (or PLUS loan) within 14 days of the Notice of Disbursement. Contact the Office of Scholarship and Financial Aid Office for cancellation procedures beyond that date.

Responsibilities
You have the responsibility to:
• use financial aid funds for educational purposes only.
• regularly read and respond to emails sent to your @mnstate account.
• plan for moderate spending and to contribute to costs of education through employment and personal resources.
• complete all application forms accurately and thoroughly.
• know and comply with enrollment requirements related to financial aid eligibility.
• understand financial aid disbursement and bill payment policies and procedures according to information provided in print form and on the web.
• know and comply with priority dates and deadlines.
• accept responsibility for all agreements you sign.
• notify the Office of Scholarship and Financial Aid, with the acceptance of a financial aid award, should you:
  - receive loan, grant, scholarship, work or other aid that is not identified in your application or on the award notice, or
  - change your marital status, permanent address, state of residency, name, degree status, tuition status, or
  - withdraw from the University.
• if you withdraw or drop out of the University before the end of the semester, you may be required to return a portion of the aid received, based on the Federal or State refund formula for any refund of tuition, fees or room and board payments you are entitled to receive from the University.
• maintain satisfactory academic progress.
• begin the repayment of Federal Perkins at the interest rate of 5 percent per year nine months after you are no longer enrolled on at least a half-time basis. The minimum rate of repayment is $40 per month and the maximum repayment period is 10 years.
• begin the repayment of Federal Subsidized and Unsubsidized Stafford or Direct Student loans at the applicable interest rate six months after you are no longer enrolled on at least a half-time basis. The minimum rate of repayment is $50 per month, and the maximum standard repayment period is 10 years.
• understand the terms of the Promissory Note.
• repay private educational loans under the terms of your promissory note.

Reporting of False Application Information
Minnesota State University Moorhead Office of Scholarship and Financial Aid is required to refer to the U.S. Department of Education’s Office of Inspector General any instance in which its review of Title IV aid applications discovers information indicating that an applicant may have engaged in fraud or other criminal misconduct in connection with the application. PURPOSELY GIVING FALSE OR MISLEADING INFORMATION MAY RESULT IN A $20,000 FINE, IMPRISONMENT, OR BOTH. THE FOLLOWING EXAMPLES ARE GIVEN IN THE REGULATIONS AS INSTANCES THAT SHOULD BE REFERRED TO THE APPROPRIATE AUTHORITIES:
• False claims of independent student status;
• False claims of citizenship;
• Use of false identities;
• Forgery of signature or certifications;
• False statements of income;
• False reporting of a drug-related conviction.

This list is intended as a guide and is not all-inclusive. According to the Department of Education, simple errors resulting from omission or misunderstanding are not considered evidence of fraud.

**Frequent Financial Aid Questions and Answers**

**Do I have to enroll full-time to receive financial aid?**

No. Pell Grant requires only one credit; MN Grant requires 3 credits (but less than 15 credits affects eligibility for any MN Grant in some cases); Federal student loans and work-study require 6 credits minimum.

**What can I do if my family’s financial situation changes?**

MSUM has an appeal form if your circumstances change. Changes such as death, divorce, loss of a job or benefits, or a change in income can be reviewed for additional grant and loan eligibility.

**What if my family was affected by a natural disaster?**

Contact the Office of Scholarship and Financial Aid to receive specific information.

**What is MSUM’s class registration drop/add period?**

MSUM has a drop/add period of the first five (5) class days fall and spring semesters, or before the second class session for classes that only meet weekly.

**Can I receive financial aid at more than one school for the same semester?**

Usually not.

**My parents do not claim me as a tax exemption. Can I be an independent student?**

The IRS and Department of Education definitions of a “dependent” are not the same. Tax exemption status and your resources are not considered when determining your independent status. Your status as a dependent or independent student is determined by your responses in the Student Status section on the Free Application for Federal Student Aid. Respond carefully to these questions.

**What is the definition of independent students?**

An applicant must meet one of the following criteria to be considered independent (documentation may be required):

• born before January 1, 1996
• veteran of active military service (or currently serving active duty military)
• orphan, foster care or ward of court since age of 13
• have a child or dependent other than a spouse who receives more than half of their support from the student
• graduate or professional student
• married
• in legal guardianship by a court in your state of residence, emancipated minor or documented unaccompanied youth (not living in the physical custody of parent or guardian) or homeless (lacking fixed, regular and adequate housing).
If you are independent, you may be required to provide a copy of a marriage license, Veteran’s identification, birth certificate, document your support of a child or dependent, or other documentation as identified. Respond promptly to these requests.

Students who do not meet one of the above criteria will be considered dependent for financial aid purposes and must submit financial information for themselves and their parents (including stepparents).

What happens if I get married?
Marital status is determined as of the date you complete the FAFSA. If you marry after you have filed the FAFSA, your marital status may be updated. Complete the “Petition for Consideration of Independent Status due to Marriage” and provide your spouse’s income and asset information.

Who has access to my financial aid data?
Only the student, authorized federal and state agencies, and college officials who process financial aid or need access for reporting purposes. The student can authorize MSUM to exchange information with parents, spouse, or other person by completing the Release of Student Information.

Do I need to report outside sources of funding such as scholarships, DRS, some veterans benefits, etc.?
Yes, all external funding must be reported to the Office of Scholarship and Financial Aid. Pell and MN Grants will not be affected, but adjustments to other aid may result.

I have received a Federal or State Work-Study award from the Office of Scholarship and Financial Aid. What are my responsibilities?
In order to be paid through the work-study program, you must secure a job (positions are posted on DragonJobs), work, and submit a time sheet within the department that hired you. Students are required to work to get paid.

Is the money I receive from financial aid programs taxable?
Any funds you receive from scholarships, benefits, fellowships, and grants from any other source which exceed the cost of tuition, fees, books, and required equipment and supplies are considered taxable income. This includes Federal Pell Grants but not student loans. Since you are required to report taxable awards to the IRS as income, keep a detailed record of all expenditures for tuition, fees, books, and required equipment and supplies. For more detailed information, consult your accountant or tax advisor.

What are the Education Tax credits?
Tax credits are available based on net tuition and fees paid in a calendar year. See your accountant or tax advisor for assistance.

Do I need a special application for summer school?
No. You will be reviewed for summer financial aid awards based on your summer enrollment. Summer is considered a trailer of the current academic school year.

Do I need to apply for aid every year?
Yes. The FAFSA must be completed on an annual basis and should be submitted as soon as possible after October 1 for fall and/or spring attendance the next year. Make sure to submit your FAFSA by MSUM’s priority dates for FSEOG and work-study consideration.

Financial aid payments may be altered or affected by legislative changes or when additional information is received.
