Employees share some of the cost of medical services by paying copays, deductible and coinsurance. The amount of cost sharing depends on the level of the enrollee's primary care clinic. Referrals are generally necessary to see a specialist.

Individual Retirement Account Plan (IRAP)

Your account, which includes your contributions, employer contributions, and investment earnings, is yours beginning on the date of your first contribution. You make all the investment decisions, and you can change the investment funds as often as allowed by the fund managers. Both IRAP and the Supplemental Retirement Plan are managed by TIAA.

Teacher's Retirement Association (TRA)

- TRA is a defined benefit plan (401(a)), which upon retirement, provides you with a monthly benefit for your life based on a formula that includes your final high-five average salary, years of allowable teaching service and age at retirement. TRA requires a minimum of three years participation for vesting and provides a guaranteed lifetime annuity.

Supplemental Retirement Program (SRP)

- Participation in SRP is mandatory following two years of full-time covered service regardless of whether you participate in IRAP or TRA. SRP is a defined contribution plan with the same investment vendors as IRAP plan. The employee contributes 5% of salary after the first \$6,000 up to a maximum deduction of \$2,250 a year with an employer match.
