

Topic: FAQ's

Question: Do I need to create an EduDentity account to use Assignment Grader?

Answer: No. You can use the Assignment Grader without creating an EduDentity account. You will be able to score assignments, grade with a rubric and give feedback. If you do not have an EduDentity account you will ONLY be able to use the Annotation tools on PDF documents. If you want to use these annotation tools on other document types you will need to create and sign in with EduDentity.

Question: It appears that dropbox due dates are not displaying properly in the D2L Brightspace Grader App. Did I set something up wrong?

Answer: We have found that the due date shown on dropboxes in the grader app is actually the “end date” set on the dropbox. The Grader App is not currently pulling in the due date correctly.
