

Topic: Logging in to a Learning Environment

Logging in to a learning environment allows you to log in with the app with your MSUM credentials for those who don't have an EduDentity account or just prefer to log in that way.

1. After opening the Assignment Grader app, it will ask you how you want to log in. Click **Log in to Learning Environment**.

2. You will then be asked to enter the URL for your learning environment and click **Connect**.
Note: Our URL is <https://mnstate.ims.mnscu.edu/>

- The next step is to sign into D2L Brightspace using your StarID and password.

The screenshot shows the Desire2Learn Login page for Minnesota State University Moorhead. At the top left is the MSU Moorhead logo. The main heading is "Desire2Learn Login". On the left is a login form with fields for "StarID" and "Password", a "Login" button, and links for "Forgot Username" and "Password?". On the right, there is a welcome message, a "System Check" link, a "Desire2Learn Help and Tutorials" link, and contact information for the IT Help Desk (phone, email, and location). A copyright notice is at the bottom.

- On the next page, you will be asked to connect to an EduDentity account or start using the app. Click on Start using Assignment Grader.

The screenshot shows the EduDentity account setup page. It features a profile picture placeholder with a "+ Add Photo?" button. The account email is "mnstate.ims.mnscu.edu". There is a field for "ACCOUNT DISPLAY NAME" with a "Reset" button. A red-bordered box highlights the "Start using Assignment Grader >" button and a note: "NOTE: If you do not log in to EduDentity, you can only annotate PDF files." Below this is the "EduDentity Account" section, which explains that creating or logging in with an EduDentity account allows for annotating other file types like docx and xlsx.

NOTE: If you do not log in to EduDentity, you can only annotate PDF files.

EduDentity Account

Create or log in with an EduDentity account to annotate other file types such as **docx**, **xlsx**, and many others.

Your folders will then load and you will have successfully signed into the app using the MSUM learning environment.
