Topic: Restoring Deleted Assignments

A new feature in D2L Brightspace is being able to restore Assignments if they get deleted. Not only is the Assignment itself restored, but so are submissions made to that Assignment.

After logging into D2L Brightspace, click Assesments in the navigation bar and choose Assignments.

Step 1:

Choose Event Log under More Actions.

Step 2:

Choose Deleted under the Event Log.
Step 3:

Click **Restore** next to the name of the Assignment folder you need to restore.

You can now see that when you go back to the Assignments folders, the folder you just restored has been put back into place.

**For More Information**

Please contact Instructional Technology Services at support@mnstate.edu or 218.477.2603 if you have questions about this material.
