**Topic: PowerPoint Polling**

To use PowerPoint with the i>clicker system:

1. Create a PowerPoint with all poll questions in this format:

   Question Text:
   - a. Answer 1
   - b. Answer 2
   - c. Answer 3
   - d. Answer 4

   You may also have a T/F question:

   Question Text:
   - a. True
   - b. False

2. Add all of the questions you wish to use in your PowerPoint (you may have a title slide, but you will need to select **next** to make sure that it doesn’t count as a question in your session.

3. When your presentation is ready, and you wish to start your session, click **Start Session** and open your PowerPoint in presentation mode.
4. After you have ended a poll question, select the red stop voting button.

5. Click to your next slide in PowerPoint and open the voting again by selecting the Start Poll button.

6. Repeat until all polling questions are done, all poll data will be put on the iGrader.
