

Topic: Viewing Captions

Once your captioning is processed and saved, view the video to test your captions.

The captions will display to the left of the video portion of the presentation. A gray highlighting bar moves through the caption text in approximately the same timing as the audio. **See the image below.**

The screenshot shows the Panopto interface. On the left, a search bar is at the top, followed by a list of captions. The first caption is highlighted in gray. A red box with an arrow points to this caption, containing the text: "See this arrow. Captioning follows your audio during playback." Below this, another red box contains the text: "This is an example, how the video will look, you will have the video on the right side and captioning on the left side of the page." The main video area shows a man in a light blue striped shirt speaking. Behind him is a whiteboard with the text "Share your ment Right" and a drawing of a person's head with "AMA" written inside. The video player controls at the bottom show a progress bar at 0:36 and a volume icon.
