

Topic: Install Read&Write Gold (Campus PCs only)

Use the following instructions to install Read&Write Gold to a campus-owned PC (e.g., faculty, staff, computer lab). This is accomplished using the Microsoft Software Center.

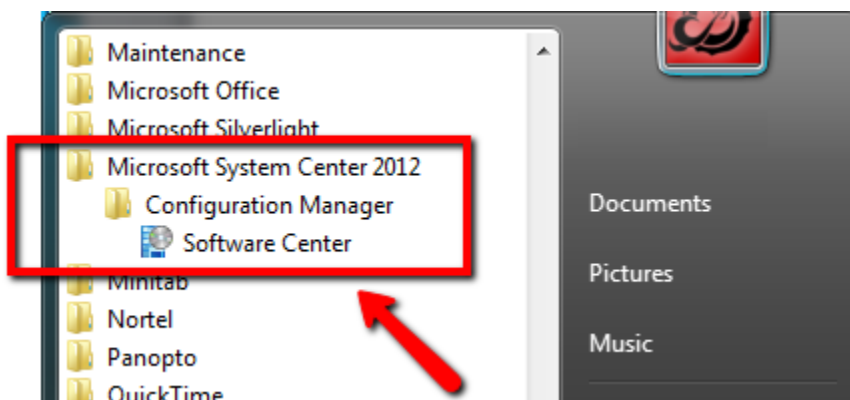

Note: If you wish to install Read&Write Gold to your **personal Windows PC** (not owned by MSUM), please refer to the [Take Home Installation](#) instructions. Link: <http://www.mnstate.edu/instructional-technology/read-write/> and click Installation.

Step 1. Open the Microsoft Software Center

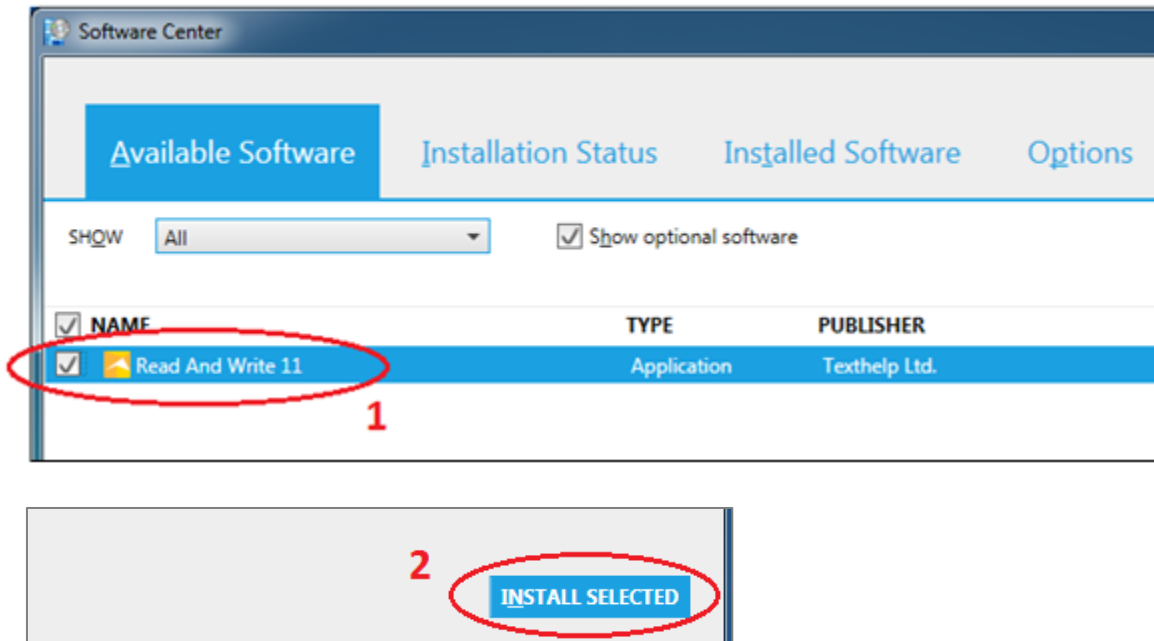

1. Click on the **Start** button.
2. Click **All Programs**.

Step 2. Open the Software Center using the steps given below.

1. Click **Microsoft System Center 2012**.
2. Click **Configuration Manager**.
3. Click **Software Center**.

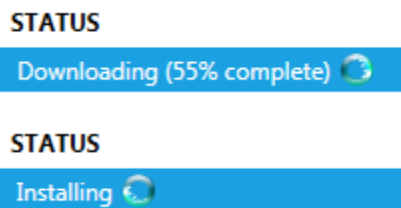

Step 3. Select the application from the list and install the software.

1. Click the check box for the software that you want to install (e.g., Read And Write 11).
2. Click [**Install Selected**] to install the software.

Step 4. Check the status of the download.

The status will automatically switch under the Status heading from “Downloading” to “Installing.” Please wait for the installation process to complete.

Step 5. Once the Status shows “Installed” you may exit Software Center by clicking on the [X] button.

Step 6. Locate the new application on your desktop.
