A student with a F-1 or J-1 visa required by the U.S. Federal Regulations to enroll in a full course load of study each Fall and Spring semester: 12 credits for undergraduate students and 8-credits for graduate students. An International student advisor can authorize “Reduce Course Load” and update SEVIS prior to the student reducing the student’s course load. If a student drops below full-time course load prior approval will be out of status (8 C.F.R.S.214.2 (f) (6) (iii).

Make an appointment with MSUM International Student Advisor and please complete this form and bring the relevant supporting documents to your appointment.

This form is ONLY for one semester. Must be completed every semester the student plans to go below full-time enrollment IF APPLIES.

Please go to the second page if you are requesting Reduce Course Load due to Medical Reasons:

International Student Services s:/ “Forms” Updated July 2013
F-1 or J-1 student is required by the U.S. Federal regulations to enroll in full course load of study each semester (except for summer). Students should take 12 credits for undergraduate students and 8 credits for graduate students. An International student advisor can authorize a “Reduce Course Load” and update SEVIS prior to reducing the students course load. Student who drops below full time enrollment prior approval of the Office of International Programs will be considered out of status.

Make an appointment with your Advisor and the RCL Form complete along with supporting documentation to your appointment. This process MUST be completed EACH semester.

MEDICAL REASONS
The International Student Advisor may authorize a reduce course load (RCL) or if necessary no course load, due to a student’s temporary illness or medical condition for a period of time not exceeding an aggregate of 12 – months. Please submit the following documents:

- A letter from your physician (medical doctor, doctor of Osteopathy or a Licensed Clinical Psychologist only).
  - The letter must be typed, dated and signed by the physician on the physician’s letterhead and
  - The physician must indicate that you have a medical condition which prevents you from registering full-time during a specific semester and
  - The physician must specify the number of semester hours for which you can register and
  - The physician must specify the date by which you will be expected to return to full-time studies
- The letter must be sent to Office of International Programs, Ms. Janet Hohenstein as soon as possible, preferably before the semester begins, or as soon as possible after the onset of your medical condition if it occurs after the semester begins. If you need to drop classes after the semester begins, you will not legally be able to do so until the director receives this letter.
- Students who are pregnant or who had a baby recently: We encourage students to obtain a letter from the physician if pregnancy complications have risen for you to not to take classes or reduce your course load. We encourage students to take up to 12 weeks off as that is the maximum allowed days under Family Medical Leave Act for American workers under U.S. Law. Check with Office of International Programs for more information.
