

Application to be Nominated for the  
2020 Goldwater Scholarship  
Due: November 26, 2019 – 4:00 pm

Name \_\_\_\_\_ Student ID \_\_\_\_\_

Anticipated Graduation date: \_\_\_\_\_

The Goldwater Scholarship is a highly competitive national scholarship program for students who intend to pursue a research-based career in science, mathematics, and/or engineering. The scholarship is intended for students with one or two years of undergraduate study left, and provides up to \$7,500 per year toward documented educational expenses. Each university is allowed to nominate only four (4) applicants to the Goldwater Scholarship program each year, so we have developed this application process to choose MSUM's nominees.

1. Please attach a brief (one page) autobiography. Describe experiences that have been important in clarifying or strengthening your motivation for a career in science, mathematics or engineering.
2. Please answer the following questions in order to share your career goals with the committee.
  - A. What are your professional aspirations? Indicate in which area(s) of mathematics, science, or engineering you are considering making your career and specify how your current academic program and your overall educational plans will assist you in achieving this goal.
  - B. Identify research projects you have been involved in and describe your contributions to those projects.

Submit application by 4:00 pm on November 26, 2019 to the College of Science, Health, and the Environment in Hagen 107. Questions? Contact a Goldwater mentor or email Deb Lien: [deb.lien@mnstate.edu](mailto:deb.lien@mnstate.edu)
